No. 14. Read the following letter from the Superintendent of Marine, to the Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 21st March 1867, No. 1,163 :—

1. Adverting to the 9th paragraph of my letter of the 11th instant, No. 962, I have the honor to submit Account Current of the expenses incurred in despatching boats, boatmen, and rice to Pooree, shewing a balance unexpended of Rupees 371-12-0, which sum will be paid into the Madras Bank, and the receipt forwarded to the Accountant General.

	Rs.	A.	P.
Received	6,360	0	0
Expended	5,988	4	0
Balance...	371	12	0

2. In my letter of the 4th instant, No. 851, I stated the cost of the twelve boats to be Rupees 3,360, instead of Rupees 3,370, which was the aggregate of the seven bills attached in support of mine. This error is adjusted in the accompanying account.

No. 15. ORDER THEREON, 1st April 1867, No. 759.

Miscellaneous.

1. Ordered to be communicated to the Government of Bengal.

2. Copy to the Accountant General.

REVENUE DEPARTMENT.

FORT SAINT GEORGE,

1st April 1867.

No. 760.

No. 16.

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

SIR,

Miscellaneous.

Letter from Superintendent of Marine, dated 4th March 1867, No. 851.
Order thereon, dated 5th March 1867, No. 556.
Letter from Superintendent of Marine, dated 11th March 1867, No. 962.
Order thereon, dated 19th March 1867, No. 657.
From Superintendent of Marine, dated 21st March 1867, No. 1,163, with copy of the enclosure.
Order thereon, dated 1st April 1867, No. 759.

1. With reference to the Officiating Junior Secretary's letter, dated 19th February 1867, No. 707, and in continuation of my letter dated 28th idem, No. 497, I am directed to forward, for the information of the Bengal Government, the further papers noted in the margin, relating to the arrangements made for the despatch of boats and crews and rice to Pooree.

2. Adverting to the despatch of grain, I am to explain that on receipt of the telegram from the Junior Secretary, dated 21st February 1867, it was resolved to forward the grain at once, leaving the question of the adjustment of its cost to be settled hereafter.

3. The rice in question was procured from Rangoon last year, and cost Rupees 57,857 as landed here.

4. It was secured at a time when it was apprehended that the Government might possibly be obliged to issue grain to the troops and followers at some stations in lieu of rice-money; but the necessity did not arise, and the rice remained on hand without any means of expending it for Government purposes, except in the Jails, where unless the scales of diet had been modified, its consumption would have spread over a very protracted period, involving probably much loss and damage to the grain, while local facilities for storage were deficient. It was also ascertained that it could not be re-sold without a very heavy loss, and under these circumstances it was considered best to send it to Orissa, where the Bengal Government are importing grain.

5. If the Bengal Government objects to being charged the cost price for the rice, the proportion of the price at the rate named by them can be debited to them, the balance remaining a charge in the accounts of this Government.

6. The rate named in the telegram from the Bengal Government is Rupees 3-8-0, or Rupees 3-12-0 per Maund of 80 Tolas to the Seer, delivered at Pooree, equal to Rupees 7 or Rupees 7-8-0 per bag of two Indian Maunds.

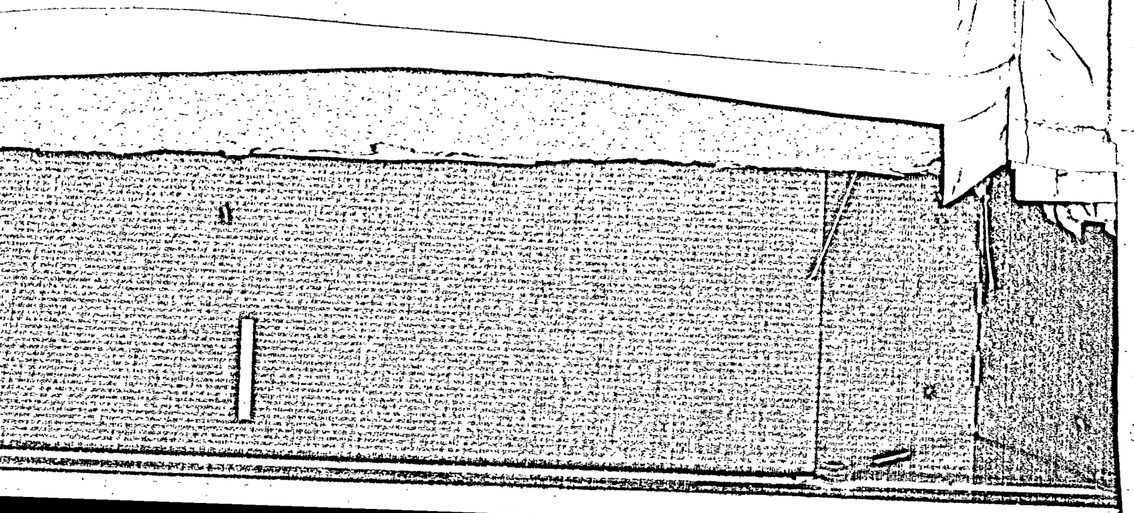

7. The quantity of rice shipped hence to Pooree is 7,273 bags, and the above total original cost distributed over this quantity gives the rate of Rupees 7-15-3 per bag, exclusive of the freight hence, which will be about eleven Annas per bag, making the total cost at Pooree Rupees 8-10-3 per bag.

8. The Account Current which accompanied the letter from the Superintendent of Marine, dated 21st March 1867, No. 1,163, shews the particulars of the expenditure of Rupees 5,988-4-0 made by him on account of the boats and boatmen.

I have the honor to be,
Sir,
Your most obedient servant,
(Signed) W. HUDLESTON,
Secretary to Government.
