*Proceedings of the Madras Government, Revenue Department,
2nd April 1867.*

No. 28. Read the following letter from the Collector of Vizagapatam, to the Secretary to Government, Revenue Department, Fort Saint George, dated Vizagapatam, 19th March 1867, No. 113 :—

1. Referring to your letter of the 11th May last, I have the honour to submit, in a tabular form, the result of the Carolina paddy cultivation in this district during the past season.

2. These results, except in the case of the Jeypore ryots, are not satisfactory, owing, in my opinion, to the inordinate fall of rain after the seed was sown. I will cause another experiment to be made, and endeavour after greater care in the coming season, reporting the result in due course.

—

Statement shewing the result of the experiment in the cultivation of Carolina Paddy received from Government with letter dated 11th May 1866.

To whom distributed.	Quantity to each.	Out-turn reported.	Abstract of reports received from those to whom the seed was sent.
Principal Assistant Collector ...	lbs. 10	lbs. 9½	Distributed to ryots in the Government talooks of Sarvasidhi and Golconda. Was cultivated in the usual way, but failed owing to the inordinate rains. The ryots have formed a favourable opinion of the paddy, and say they would be glad of a further supply, which will be made.
Assistant Agent	5	40	Cultivated by Jeypore ryots in their own way, i. e., without artificial irrigation, but solely watered by the monsoon rains; not appreciated by the ryots, who pronounce it coarse. The seed is available for further distribution.
D. Mackie, Esq., Resident Manager at Palconda, for the renters of Palconda.	5	9½	Cultivated in the usual way by a few ryots at Palconda, but it failed from an over-abundance of water.
Manager, Vizianagram Zemindary.	10	48	Usual system followed. Cultivation partly failed; causes unknown; but a further trial will be made next season, for which purpose the Manager has retained a sufficient quantity of the seed.
Gunapur Sub-Magistrate...	3	12	Cultivated in the usual way; but was unfortunately partly destroyed by inundation.
Anakapilli Proprietrix ...	5	...	Result not reported.
Total...	*38	119	

* NOTE.—This was the quantity received from Madras; not 60 lbs., as stated in the forwarding letter.
VIZAGAPATAM, (Signed) D. F. CARMICHAEL,
19th March 1867. Collector.
