*Proceedings of the Madras Government, Revenue Department,
4th April 1867.*

No. 75. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 27th March 1867, No. 91:—

1. I have the honour to forward a letter, dated 24th August 1866, from the Agent and Manager Madras Railway Company, pointing out that certain land adjacent to the Arconum station were about to be sold by auction by the Revenue authorities, and explaining that it was highly desirable that a portion of it should be reserved to meet the future requirements of the Railway.

2. It would appear that the sale in question was postponed, and in consequence of the tracing of the land applied for having included a portion of that which had been transferred to the Indian Tramway Company, a revised schedule and tracing had to be submitted. They were despatched to the Collector on the 9th October, with a request that the land in question might be reserved for the Railway. His reply, dated 14th instant, No. 9, is annexed, from which it will be observed that he does not feel himself empowered to place the land at the disposal of the Railway Company without the previous sanction of Government.

3. I have the honour, therefore, to request that Government will be pleased to authorize the Collector to reserve the area applied for, viz., 34 acres, under class C. A tracing of the land is enclosed; the schedules are already in the hands of the Collector.

Referred to the Revenue Department, with a view to the necessary orders being issued to the Collector for the reservation of the ground stated to be required for the purposes of the Madras Railway.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.
