Proceedings of the Madras Government, Revenue Department, 5th April 1867.

No. 91. Read the following Proceedings of the Board of Revenue, dated 28th March 1867.

Read the following :—

Report on the state of the season in the district of Cuddapah during the first fortnight in March 1867.

1. No rain fell during the fortnight. The crops were, in general, in good condition. Indigo had been sown in the northern section, and in parts of the eastern and western sections. Some dry crops had been harvested. In the Voilpaud talook sugar-cane was being pressed.

2. Fever was prevalent in the Badvel talook, and existed in a few villages in the other talooks. Cholera and small-pox existed in a very slight degree in the Cuddapah talook. The flocks and herds suffered from disease in a few localities.

3. There were no material fluctuations in the prices of agricultural produce.
