## *Proceedings of the Madras Government, Revenue Department, 5th April* 1867.

No. 95. Read the following Proceedings of the Board of Revenue, dated 28th March 1867.

Read the following:—

Statement shewing the state of the Season in the District of Nellore up to 15th March 1867.

| Rain-fall. | State of the crops and the cultivation operations. | Prices whether high or low, rising, falling, or stationary. | Further remarks. |
|---|---|---|---|
| There has been no rain in the district. | In Atmakuru talook Kesari crops are healthy, being watered from the river channels, but the paddy crops in parts of Kandukuru do not thrive well for want of water. Horse-gram in Udayagiri is reported to suffer slightly from blight, and the crop does not promise a good out-turn. The other standing crops promise well. Sannavari, Pishanam, Iswarakora, and the dry crops, oil-seeds, horse-gram, &c., are being cut throughout the district. | Prices are high as ever. | Cholera, small-pox, and fever, prevail in some talooks. The cattle are healthy, except in Atmakuru, Kandukuru, Kanigiri, and Ongole, where cattle disease prevails. |
