SUPERINTENDING ENGINEER'S OFFICE,

V CIRCLE, MADRAS,

Chennai, 17th September 1896.

No. 221 E.S.

From *Lieut. Colonel C. C. Rawson R.E.*
SUPERINTENDING ENGINEER,
V CIRCLE,

To *THE Chief Engineer for Irrigation*

SIR, With reference to paragraph 79 Chapter IX Volume I of the Code, I have the honour to request that sanction may be accorded to the work "Constructing a siphon across Pichaykulayan for the Kallani Voikal" in Nagapatam Taluq, Nagapatam Division as per enclosed plan and estimate of Rs. 700, being undertaken by this Department.

The interested ryots have paid into the Treasury to the credit of the P.W. Dept. Rs 872 being the cost of the proposed work, inclusive of the usual charges for establishment and tools and plant.

I have the honour to be

Sir

Yours most obedt. Servt.

C. C. Rawson

Report to accompany the estimate for constructing a siphon across Pichakkal for the Kuliari bural.

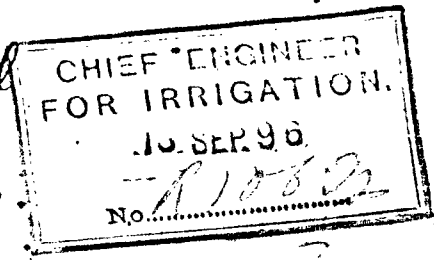

Amount of estimate Rs 700. 25P.

2. This is a work requested by the ryots of Pallanapuram for irrigating six ty acres in Pallanapuram which cannot be supplied by Puthu Puthu channel satisfactorily but which are being supplemented by a channel from Kattur. This work is entirely a contribution works and Rs 872 have been paid into the Treasury by the ryots.

3. The work however become government property on completion and is recommended to be sanctioned only on condition the ryots forego their claims to the right of irrigation from

Nichakalayar
Channel.

This originally was estimated
roughly to cost Rs 500, by Mr. Subaya
Chariat, but on levels being taken
it was found that the tunnel of
the hyphen would require to be
placed below the normal bed level
of Nichakalayar which it crosses.
This increased the estimate to the
present amount.

R. Subaya Chariat
Executive Engineer
