READ—the following paper :—

G.O., Mis. No. 3945, Revenue, dated 2nd October 1896.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 15th September 1896, Mis. No. 4246 :—

Read—the following letter from V. A. BRODIE, Esq., Collector, Górávari District, to the Secretary to the Commissioners of Land Revenue, dated 31st August 1896, Ref. on C. No. 2534 Acc. :—

As Ellore has ceased to be the station of a Covenanted Civilian and as an Uncove-

• Vide Board's Proceedings, Mis. No. 7821, 43-1-6 fixed for the staff boat constructed for the Head Assistant Collector in July 1892 at a cost of Rs. 2,394, I have the

honour to request that you will be good enough to obtain the permission of the Board for my disposing of her for Rs. 1,500, which is considered by the Executive Engineer in charge of the Górávari Eastern division to be her fair price at the present moment. The District Board of Górávari wants a boat for the use of the District Medical and Sanitary Officer, and it is not unlikely that it will purchase this boat for

the price named above. After the boat was constructed, only Rs. 337 have been spent on her repairs, as shown on the margin, but as Rs. 1,477 have already been recovered in the shape of rent, her actual cost to Government is Rs. 1,254. Her book value calculated according to the method

in vogue in the Public Works Department is reported to be Rs. 1,684.

2. As the Deputy Collector in charge of the Ellore division cannot get on without a staff boat and as the Deputy Collector in charge of the Narsapur division is also badly in want of one, I propose to supply them with such boats as are supplied to Salt Inspectors and Public Works Sub-Engineers at a cost not exceeding Rs. 1,200, and to collect from them a rent of Rs. 20 per mensem though, calculated at 18 per cent. on Rs. 1,200, the monthly rental for the ten months during which they will be required, comes to Rs. 21-9-7. The Executive Engineer, Górávari Eastern division, writes to me that a second-class staff boat of 33 feet long, 2 feet 4½ inches deep and 8 feet 10 inches beam including gangways can be had for about Rs. 1,200. I enclose his letter in original, and a regular estimate will be submitted for the Board's approval as soon as the proposal is sanctioned. I request the early orders of the Board on the subject.

From V. A. BRODIE, Esq., Collector, Górávari District, to the Secretary to the Commissioners of Land Revenue, dated 2nd September 1896, Ref. on C. No. 2532 Acc.

I have the honour to submit, for the Board's sanction, an estimate for Rs. 148, prepared by the Executive Engineer, Górávari Eastern division, on account of cost of repairs to the staff boat of the Head Assistant Collector of this district. The expenditure may be met from the sum of Rs. 1,000 provided in column 36 on page 4 of Board's Proceedings, No. 270, dated 22nd ultimo (Land Revenue).

2. The record of the boat is given below :—

(a) Date of construction	...	...	...	...	25th July 1892.
(b) Original cost of construction	...	...	...	...	Rs. 2,394.
(c) Date of last repairs	...	...	...	...	September 1895.
					RS. A. P.
(d) Total amount spent on repairs up to date, excluding the amount of estimate for which sanction is sought	...	...	...	...	337 0 0
(e) Total amount of rent recovered and credited to Government from the date of construction up to date	...	...	...	...	1,477 0 1

Resolution—Mis. No. 4246, dated 15th September 1896.

Submitted to Government with the recommendation that orders may be issued in the Public Works Department for the supply of two second-class staff boats for the use of the Deputy Collectors of Ellore and Narsapur.

2. The Board also supports the Collector's proposal to fix the rent payable for ten months in a year, at the rate of Rs. 20 a month instead of Rs. 21-9-7.

3. The staff boat of the Head Assistant Collector may be sold for Rs. 1,500, as proposed by the Collector. Rs. 1,500 was fixed by the Executive Engineer as a fair price without repairs.

Must see the boat first. It is true that
my own is now very old & expensive so that
the exchange suggested might be a good
one. What is the book value of the Collector's
boat? I thought it is a very comfortable
boat & very well arranged.

(1) The District Board Engineer wants
the boat for Rs 1184 but the Exe-
cutive Engineer Eastern Division
thinks that Rs 1500 may well be
paid for it. I think the Dist Board
may be asked to take it for Rs 1500.
It is said that, if repaired, it will
make a much better boat than
the Collector's. In that case it will
probably be advisable for the Collector
to ~~take~~ ^{take} this boat & ~~pay~~ ^{pay} the
the ~~Board~~ ^{Sanction} of the Board
of Revenue to pay the rent he now
pay ~~Rs 18~~ ^{Rs 18}. The book value
of the Asst's boat will ~~not~~ ^{be} more
than Rs 1200 & the rent payable ~~will~~ ^{will}
will be $\frac{21}{10}$ or $21\frac{3}{5}$ Rs.

(2) I doubt if the Asst Collector of Narasapur
Ellen will care to pay $21\frac{3}{5}$ Rs as boat
rent for a 2nd class Staff Boat. It will
be advisable to inform them that a boat
cannot be made for the rent they are prepared
to pay.
