G.O. dated 6th December 1894, Nos. 866, 867, Political.

ABSTRACT.—Directing that the draft notification regarding the cession by the Travancore Darbar of the abkari jurisdiction over the Periyar camps be forwarded to the Government of India and that steps be taken for the working of the Abkari Act in the camps under the control of the Collector of Madura, and requesting the Accountant-General to report as to the procedure to be adopted as regards the adjustment of the accounts.

READ—also the following paper:—

From T. W. RAWLINS, Esq., Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 7th March 1895, No. 541.

With reference to G.O., No. 866, dated the 6th December 1894, Political, asking me to report on the adjustment of the accounts connected with the working of the Abkari Act in the Periyar camps and the payment to the Travancore Darbar of the net abkari revenue, I have the honour to state that the Collector of Madura should maintain an account showing the gross revenue and the actual expenditure incurred both by the Revenue and by other departments and should submit it annually to Government, which would then be in a position to pass orders for payment of the net amount to the Travancore State by means of remittance transfer receipt.

ORDER—dated 27th March 1895, No. 206, Political.

The proposal of the Accountant-General is approved and his letter will be communicated, for the necessary action, to the Collector of Madura, through the Revenue Department.

2. The statement of account prepared for the official year should be submitted through the Accountant-General and should reach the Financial Department by the 1st June.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Separate Revenue), dated 22nd February 1895, No. 93 :—

Read—the following letter from L. C. MILLER, Esq., Acting Collector of Madura, to the Secretary to the Commissioner of Salt, Abkari and Separate Revenue, dated 29th January 1895, Ref. on C. No. 340-Gl. :—

In reply to Board's Proceedings, Mis. No. 5604, dated 20th December 1894, I have the honour to report that at present there is one arrack shop at Periyar held by one Viraya Gounden of Gudalur in this district under the authority of a temporary license issued to him by the Superintendent of Works, Periyar, on the 11th October 1894. A fee of Rs. 100 per mensem is paid by the licensee in advance and the license is terminable on a month's notice on either side. Though the licensee has been permitted to sell toddy, he does not sell any; he states that he has to get his supplies from Panur in Travancore Territory (a long way from Periyar), and that the toddy becomes useless for consumption by the time it reaches Periyar.

2. The arrack is brought from Paravur attached to Minachel taluk, in the Travancore Territory, and is purchased from various sub-renters of the arrack monopoly in that place. It is distilled from cocoanut or palmyra toddy apparently by the farmers themselves, for the shopkeeper states that there is no central distillery or depôt in the place. The selling price in Periyar is reported to be one rupee per quart bottle or six rupees per gallon, which is somewhat less than the average selling price of arrack 30° under-proof in the Cumbum firka. The strength of the Periyar arrack, as tested by the Sub-Magistrate, was about 40° under-proof. The distance from Paravur to Periyar is not exactly known here, but the renter states that it takes him 20 to 25 days to make the journey there and back with his supply of liquor.

3. The Superintendent of Works is of opinion that one shop is sufficient for the sale of liquor, and in these circumstances I propose to sell by auction the right to sell arrack in one shop from 1st April next to 31st March 1896. The conditions of the license should be as nearly as possible those imposed on licensees of independent arrack shops in this district, but it will be necessary to alter them in some respects. The supply will have, I think, to come from Travancore as now. If the licensee is restricted to British Territory for his source of supply, it will be necessary to have some means to prevent smuggling from Travancore, and it is worth while doing this in the circumstances of the case. It will be necessary to permit arrack also to be brought from the Madura district to Periyar if the shopkeeper prefers it. The Periyar camp does not become part of the Madras Presidency by reason of the cession of jurisdiction, for there is no cession of territory, so that apparently the "import" and "transport" sections of the Abkari Act will not apply and any rule regulating the passage of arrack from Madura district to Periyar will have to be under the "export" provisions. Arrack, which has paid Excise duty in British India, may be permitted to be exported to Periyar. It is not necessary, I think, to permit import from Periyar.

4. If it be settled to allow sale of Travancore arrack, the question arises as to the strength at which it should be sold. As it is not excised at particular strengths,

perhaps, all that is necessary is to protect the consumer by prohibiting the sale of spirits below 60° under-proof. The liquor tested by the Sub-Magistrate is stronger than this, but there has not been a sufficient number of testings to show whether 40° under-proof is an average strength or not, and it would unduly delay this report if I were to keep it waiting till a series of experiments is made. The license conditions will then have to be altered as below:—

In condition 3 after "shop is situated" should be added "or from any farmer or sub-renter of the privilege of manufacture and sale of arrack duly authorized as such by the Government of the Travancore State."

In Rule 8 "after country spirits" add "or spirits manufactured in the Travancore State." This is necessary, because country spirits under the Abkari Act mean British Indian spirits only. In condition 18 after "60° under-proof" add "or Travancore-made spirits as aforesaid of a strength not less than 60° under-proof."

In condition 20 leave out the word "country" between "or" and "spirits."

N.B.—This might be done even in British Indian licenses. Condition 30 may perhaps stand, though it can hardly be wanted for use, as the cession applies to no territory which would not be in the vicinity of the licensed shop.

The conditions of sale do not require alterations.

5. If orders are received soon enough the shop can be sold with others by the Sub-Collector, but if not, a special sale can be held at Uttamapalayam and this would perhaps be the best means of ensuring a fair competition.

6. The other notifications required seem to be—

(1) An order of Government permitting export as suggested in paragraph 3 above.

(2) An order investing the Sub-Magistrate with the powers of a Deputy Tahsildar.

7. The Abkari Inspector of Dindigul Circle will, I suppose, be given control over Periyar. If not, it may be necessary to appoint some one to exercise the power of an Inspector and this could only, I think, be an officer of the Public Works Department, as the Magistrate could not be both Abkari Inspector and Magistrate. As I think the Dindigul Inspector will be able to do all that is likely to be required. As the place is out of the way of the usual beat of the abkari officers, the police station-house officer could be empowered under sections 32 and 33 of the Act. The Deputy Tahsildar would have lots of time to do the rest of the inspection of the shop.

8. I do not at present see that anything further will be necessary. I have considered the necessity of fixing a minimum sale price as unexcised spirits will be sold, but there will be no competition between different shops, and the prime cost of the liquor is reported by the renter to be eight annas a bottle or Rs. 3 a gallon. A minimum is therefore hardly likely to be required, but to be safe, it might be fixed at Rs. 3 a gallon.

9. The Superintendent of Works states that an application to sell ganja in Periyar has been received by him and promises further report about it. If necessary, a license can be sold by auction as in the plains, but at present no action is necessary and no hemp drugs are now sold in the camp.

10. The Opium Act has not been extended to Periyar.

Resolution—dated 22nd February 1895, No. 93.

With reference to G.O., dated 17th December 1894, No. 4960, the Board begs leave to submit its proposals for the working of the Abkari Act in the Periyar camps for the period up to the 31st December 1896, during which His Highness the Maharajah of Travancore has agreed to cede to the British Government the abkari jurisdiction over the sites.

2. The first point for determination is whether, by virtue of the cession of jurisdiction over, and the extension of the Madras Abkari Act to the Periyar camps,

the tract becomes part of the Madras Presidency for abkari purposes. The Collector of Madura is of opinion that, as there is no cession of territory, the "import" and "transport" sections of the Abkari Act will not apply; so that consignments of liquor from the Madura district to the Periyar camps would have to be issued under the provisions of the Act relating to "export." Looking, however, to the terms of the draft notification to be issued by the Foreign Department of the Government of India, the Board is not prepared to accept this view of the matter, and considers that when the Act as a whole is extended to the Periyar camps, every portion of it must apply.

3. The administration of the abkari revenue in the tract in question should be under the direct management of the Collector of Madura, the Salt and Abkari Inspector of the Dindigul Circle being entrusted with the duty of preventing and detecting breaches of the Abkari Act in the tract. The tract may be placed under the supervision of the Periyakulam Range Sub-Inspector, and the local Sub-Magistrate may be invested with the powers of a Collector usually exercised by Deputy Tahsildars in abkari matters to enable him to recover arrears of abkari revenue and inspect the shops.

4. As regards the arrack revenue, the Board would recommend the system of administration now in force in the Madura district, viz., the private distillery supply system, with an Excise duty of Rs. 3-1-0 per gallon of 30 under-proof and proportionately for the other authorized strengths. There is at present in the Periyar camps a liquor shop worked under a temporary license (the fee for which is Rs. 100 a month) granted by the Superintendent of Works on the authority delegated to him in paragraph 1 of letter, dated 22nd September 1894, Ref. on C. No. 2978, from the Travancore Resident which will cease to have effect from the date on which the cession of abkari jurisdiction comes into operation. It is reported that the shop-keeper takes from 20 to 25 days to get his supply of arrack from the Travancore Territory. The exact strength at which the liquor is sold is not known. The Board considers that the supply should be obtained solely from British Territory. The privilege of the monopoly vend of country spirits under the private distillery supply system in the localities in question may be disposed of by auction to the highest approved bidder. The Superintendent of Works is of opinion that one shop is sufficient to meet requirements and the Board accepts his opinion. The successful bidder will be permitted to obtain his supply of country spirits from any of the distillers, warehouse-keepers or wholesale depôt-keepers in the private distillery supply tracts of the Presidency, or from the renter of the adjoining vend area of the Periyakulam taluk. The import of Travancore arrack will not be permitted.

5. The Collector is of opinion that, if the renter is restricted to the British Territory for his supply of liquor, it will be necessary to adopt measures for preventing the smuggling of liquor from Travancore. The Board does not consider that any special force will be required for the purpose. The distance from which Travancore liquor would have to be brought is apparently so great that no one is likely to smuggle except perhaps the renter himself, and, as the Travancore arrack is easily distinguishable from the jaggery arrack that would form the licit supply from British Territory, illicit practices on the part of the renter can be readily detected by the Deputy Tahsildar.

6. Though the present shopkeeper is allowed the privilege of vending toddy also, it is reported that he does not sell any as he has to obtain his supply from Panur in Travancore Territory (a long way from the camps), and the toddy becomes unfit for consumption by the time it reaches Periyar. Apparently there is no demand for this kind of liquor, and nothing need therefore be done at present to regulate its sale in the camps.

7. The Collector reports that an application for the privilege of selling ganja in Periyar has been received by the Superintendent of Works. Hemp drugs are not at present sold in the camps and the Collector is of opinion that no action is necessary in this connection.
