|      |     |             |       |      |     |             |       |

The reports should be of such a descriptive nature as to enable the Government of India to adequately judge of the nature of the project, its progress, the amount of labour employed, the description and quality of the work executed, the character and resources of the country traversed by the different sections of the railway, the physical and engineering difficulties encountered and the means by which these difficulties are being overcome. The description should be supplemented with any general remarks that may seem called for on the manner in which the work is being carried out with special reference to the soundness of the workmanship, conformity with Government regulations and its economical and methodical prosecution.

ORDER.—Ordered that this Resolution be communicated for information and guidance to the Local Governments and Consulting Engineers marginally noted.  
The Governments of Madras and Bombay.  
The Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow, and Assam.

Also that it be forwarded for information to the Governments of Bengal, the North-Western Provinces and Oudh, and the Punjab; the Chief Commissioners of the Central Provinces, Burma, and Assam; the Residents at Hyderabad and in Mysore; the Agents to the Governor General in Rajputana, Central India, and Baluchistan; the Accountant General, Public Works Department, and the Director General of Railways.

F. B. HEBBERT,  
Under Secretary.

Bf No 904 R of 17/10/96  
Works Simla

Sir,

I am directed to enquire whether the inspection required by the Board under its 11th of 4/5/95 may be omitted in the case of the B.M.R.

2. The Railway in question is a State R.R. under the B.G.R. and the Encl. is a Senior Officer.
3. Owing to the nature of the country through which the line passes the inspection will take nearly a month, and with the limited staff available it will be difficult to arrange for this inspection in addition to the ordinary open line inspection, and to carry on the current work.
