PROCEEDINGS OF THE BOARD OF REVENUE
(Land Revenue)

No. 3750 Misc., dated 15th Aug. 1896.

Read letter from V. A. Brodie Esq., Collector of Godavari, to the Secretary to the Commissioners of Land Rev., Madras, No. 1547/ Ver. of '96, dated 14th June 1896.

Resolution:-----

In the letter read above the Collector of Godavari reports that the number of Revenue Inspectors in the delta taluks of Ramachandrapur, Narsapur, Amalapur, Tanuku, & Phindavaram as well as in the Coconada Division is too small for the requirements of the Revenue administration and recommends the permanent entertainment of nine additional Revenue

Taluks.	Present Number.	Addition proposed.	Inspectors to be distributed as shown in the margin.
Ramachandrapur	4	2	2. The existing staff of
Karsapur	4	2	Revenue Inspectors was sanc-
Amalapur	4	1	tioned so long ago as 1865.
Tanuku	4	1	The Collector reports that
Bhimavaram	3	2	the land revenue of the district
Cocanada Division	1	1	especially that of the delta

taluks has nearly doubled since that date, that these taluks consist for the most part of irrigated lands and as the use of Government water is at present optional on the part of the ryots, there is great room for fraud and the existing staff of Revenue Inspectors is unable to cope with the increase of work. When the monsoon happens to fail in the months of August and September, and ryots begin to take water on all hands for their dry crops, the presence of a sufficient number of Revenue Inspectors is very necessary for the ascertaining of such irrigation, before all traces of it disappear. No reliance can be placed on the ill-paid village officers, especially in Zamindari villages, and the bulk of the work of inspecting and measuring the irrigated fields thus falls on the Revenue Inspector. The Collector believes ^{that} owing to the inadequacy of the number of Revenue Inspectors, a great number of fields in each village escape water charge every year and that if his proposals for increase should be sanctioned, they would certainly result in the discovery of much concealed cultivation, the water-rate on which would more than counterbalance the extra cost involved.

3. The marginal

THE BOARD OF REVENUE
(Madras Province)
1907-1908

TO THE SECRETARY, GOVERNMENT OF MADRAS
FROM THE BOARD OF REVENUE
1907-1908

---:---:---:---

1. The Board of Revenue has the honor to acknowledge the receipt of the letter of the Secretary, Government of Madras, dated 19th March 1907, in which the following proposals are contained:

2. The Board of Revenue has the honor to acknowledge the receipt of the letter of the Secretary, Government of Madras, dated 19th March 1907, in which the following proposals are contained:

3. The Board of Revenue has the honor to acknowledge the receipt of the letter of the Secretary, Government of Madras, dated 19th March 1907, in which the following proposals are contained:

4. The Board of Revenue has the honor to acknowledge the receipt of the letter of the Secretary, Government of Madras, dated 19th March 1907, in which the following proposals are contained:

5. The Board of Revenue has the honor to acknowledge the receipt of the letter of the Secretary, Government of Madras, dated 19th March 1907, in which the following proposals are contained:

6. The Board of Revenue has the honor to acknowledge the receipt of the letter of the Secretary, Government of Madras, dated 19th March 1907, in which the following proposals are contained:

1907-1908

3.

Godavari			Kistna.		
Taluk	No. of Revenue Inspectors proposed	Revenue	Taluk	No. of Revenue Inspectors proposed	Revenue
Ramachandrapur.	6	183529	Repalli	7	156703
Narsapur	6	128057	Gudivada	6	118060
Amalapur	5	137041	Bapatla	5	155866
Tanuku	5	141103	Bandar	5	58539
Bhimavaram	5	108125			
Cooanada	2	30162			

The marginal statement compares the average basis for each firka in the six taluks for which an increase in the number of Rev. Inspectors is proposed with the average in each firka of certain taluks in the Kistna district. At the time when the number and pay of Revenue Inspectors were settled in accordance with Mr. Garstin's scheme, no numerical increase was allowed in the taluks in question although the number of Revenue Inspectors in the Repalli, Gudivada and Bapatla taluks of the Kistna district was raised from 5, 4, and 4 to 7, 6, and 5 respectively.

In the circumstances set forth above, the Board considers that the Collector has made out a good case for the increase applied for. The additional staff proposed may, however, be sanctioned temporarily, subject to report after 2 years.

The Collector further states that even with the help of the additional staff now proposed the arming of the second crop cannot be done satisfactorily, as that work comes on at a time when the Revenue Inspector's hands are full with jamabandi and collection work, and as it has to be done within the last quarter of the fasli before the marks of cultivation are effaced. The Collector therefore recommends that ten temporary men, to be called Assistant Revenue Inspectors, on Rs. 30 per mensem should be employed on this work in the taluks noted in the margin for 3 months in every year, i. e., from 15th March to 15th June.

Two temporary Revenue Inspectors were sanctioned for this purpose in the Tanuku taluk for the past fasli vide Govt. Order No. 823 Miso., dated 25th February 1896. The Board considers that the proposal for the periodical entertainment of 10 Assistant Revenue Inspectors may be approved.

Lastly the Collector observes that a peon on Rs. 6 is necessary for each of the nineteen additional Revenue Inspectors, referred to in para 5 being employed only for 3 months.

The extra cost involved in the Collector's proposals is worked out in the statement accompanying his letter and amounts to Rs. 5688 per annum. It is in the Board's opinion required in the interests of the revenue. The charge can be met from General savings under 3 Land Revenue.

The Collector is requested to submit a proposition statement for transmission to Government.

Ag. Secretary.

RE

PROCEEDINGS OF THE MADRAS GOVERNMENT.

HEAD Proceedings of the Board of Revenue, Land Revenue, No. 2750 Mis., dated 18th August 1898, submitting to Government with the Board's recommendation the proposals of the Collector of Godavari for the entertainment of an additional staff of Revenue Inspectors in certain taluks of the district.

Order thereon, No. 2821 Mis., d/ 24th Sept. 1898.

The Government agrees with the Board of Revenue in considering that the additional establishment applied for by the Collector of Godavari at an annual cost of Rs. 5888, is in the circumstances stated, necessary, and accordingly sanctions it as a temporary measure subject to report after two years, as suggested in para 4 of the Proceedings read above.

1. The necessary proposition statement should be submitted through the Accountant General. The Government is further of opinion that the addition proposed in the case of the Cocanada Division (zemindari) will not be adequate and that the entertainment of a special temporary establishment for zemindari purposes will be advisable. The Collector should be instructed to report on the point.

2. His Excellency the Governor in Council is doubtful whether even with the help of the additional establishment a full amount of water-tax due in the Zemindari tracts without a special village establishment, such as was sanctioned in similar circumstances in the Kistna District. (Copies of the marginally noted orders on the subject should be forwarded to the Collector of Godavari with instructions to report if he considers the entertainment of a similar special village establishment necessary and if so, to submit detailed proposals on the subject.

" Public Works Department.

The marginal statement compares the average for each taluk in the six taluks for which an increase in the number of Revenue Inspectors is proposed with the average in each taluk in the district. At the time when the number and pay of Revenue Inspectors were settled in accordance with Mr. Gervais's scheme, no numerical increase was allowed in the taluks in question although the number of Revenue Inspectors in the taluks of the Kistna District was raised from 6, 4, and 4 to 7, 6, and 6 respectively. In the circumstances set forth above, the Board considers that the Collector has made out a good case for the increase applied for. The additional staff proposed may, however, be sanctioned temporarily, subject to report after 2 years.

3. The Collector further states that even with the help of the additional staff now proposed the remaining of the second crop cannot be done satisfactorily, as that work comes on at a time when the Revenue Inspectors' hands are full with zamindari and collection work, and as it has to be done within the last quarter of the year before the marks of cultivation are effaced. The Collector therefore recommends that ten temporary men, to be called Assistant Revenue Inspectors, on Rs. 30 per mensem should be employed on this work in the taluks noted in the margin for 3 months in every year, i. e., from 15th March to 15th June.

Two temporary Revenue Inspectors were sanctioned for this purpose in the Tanjore taluk for the past fiscal year. Order No. 823 Mis., dated 25th February 1898. The Board considers that the proposal for the periodical entertainment of 10 Assistant Revenue Inspectors in the taluks may be approved.

4. Lastly the Collector observes that a boon on Rs. 6 is necessary for each of the nineteen additional Revenue Inspectors, referred to in para 3 being employed only for 3 months.

5. The extra cost involved in the Collector's proposal is worked out in the statement accompanying his letter and amounts to Rs. 5888 per annum. It is in the Board's opinion required in the interests of the revenue. The charge can be met from General savings under Land Revenue.

6. The Collector is requested to submit a proposition statement for transmission to Government.
