Public Works (1896) Department.

G.O., No. 916 J

DATED 2nd November 1896

[Despatch Abstract.]

Suit: Approving the action of the Board of Revenue in sanctioning the defence of No. 483 of 1896 on the file of the 2nd class of Court at Annapur Kodavari 2nd, to establish the plaintiff's right to irrigate his lands through a trough constructed by him and removed by the P.W.D. as unauthorised.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

No ¹⁶³³_{Ver} of 23. 6. 96.

Proceedings of the collector,
Godavari.

Read Sub collector's report No ¹⁹³²_{Sub}
of 16. 6. 96 on the appeal petition
presented by Brammaji Vukhatunreddy of Bodasakurru regarding
the change of water ~~tax~~ made on his manual cult lands.

From the records it would
appear that Bodasakurru
channel from the Bendamankurta
Canal was designed and intended
for the irrigation of the petitioner's
lands and that they are registered
as irrigable under that source.

Subsequently owing to Bodasakurru
channel being out of repair he was
allowed as a temporary measure
to take water by a trough
aqueduct from the Tadikone
channel

channel, but in 1889 the D. P. W
gave him notice that this
could no longer be allowed and he
must take water for his fields
from the proper source Bodasacum
channel and remove the trough,
and in 1893 he himself consented to do
so. He did not keep his word
and ultimately the D. P. W authorities
removed the trough which is
erected on D. P. W land over a
D. P. W drain. Petitioner restored
the trough and persisted in the
manner in taking water from
the Sadicoma channel which
is not the source of irrigation
to his fields. For this, he has
been charged penal water rates.
Under the circumstances he
has, I think, been rightly charged

as

as he cannot be allowed to
take water from the Sadicoma
channel to the detriment of
the Sadicoma ryots whilst his
lands have their own channel.
The fact that a trough put
up by others is still allowed
is irrelevant, but in any case
the D. P. W state that this is
temporarily allowed to continue,
because their lands are more
difficult to irrigate from
Bodasacum channel than
petitioner's. The threatened suit
must be awaited.
