Letter from the Superintending Engineer, I Circle, submitting statements connected with the working of — in the Góðárvani district for the year 1895-96, recorded.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers:—

From J. C. LARMINIE, Esq., M.I.C.E., Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Waltair, 4th October 1896, No. 1395-G.D.

I have the honour to submit the usual annual statements connected with the working of staff boats in the Gódvári district for the official year 1895-96.

2. The following abstract statement exhibits the actual amount at credit of each existing boat and the amount required as per calculation laid down in G.O., No. 662 I., dated 26th August 1878:—

Number of boat.	Original cost.	Actual at credit.	Required.
12	Rs. 820	Rs. 829	820
13	820	426	820
14	1,400	1,819	1,400
15	800	481	800
16	1,250	1,141	1,250
17	850	1,329	850
18	1,400	1,769	1,400
19	850	878	850
20	1,400	1,076	1,167
21	840	382	700
22	1,783	678	1,041
23	2,411	854	804
Total ..	14,624	11,135	11,902

3. Statement A attached to this letter shows that the earnings realized up to the end of the past official year on the staff boats amount to Rs. 27,305 and the charges for the same period to Rs. 16,170. The amount therefore available for repairs and reconstruction is Rs. 11,135 or Rs. 10,453 exclusive of Rs. 682, which represents the deficit on boats already sold as per statement A-I. The balance remaining to the credit of boats on 31st March 1896 is Rs. 1,419 short of the amount calculated according to the standard laid down in G.O., No. 662 I., dated 26th August 1878.

4. The total receipts realized during the year under review were Rs. 2,308, while the total expenditure amounted to Rs. 1,581.

5. No staff boats were sold during the year.

6. The following statement shows the boats on which the receipts fell short of the outlay incurred during the year:—

Number of boat.	Receipts during the year.	Outlay during the year.	Amount at credit of boat to end of 1894-95.	Amount at credit of boat to end of 1895-96.	Difference.
15	Rs. 116	Rs. 120	Rs. 456	Rs. 451	Rs. 5
16	237	326	1,230	1,141	89
21	98	138	293	353	40

The differences on these boats are accounted for by the fact that they required extensive repairs during the year, they being 15, 13 and 10 years old, respectively, and boat No. 21 was idle for nearly a month and a half during the year for want of occupant, besides being under repairs for a month and a half.

ENCLOSURE.

A.—Statement showing the date of completion earnings, &c., of "Staff Boats" constructed, purchased, &c., in the Gódvári district, I Circle, for the official year 1895-96.

Number of boat.	Class of boat.	Date of completion or purchase and cost.		Monthly rent.	Amount recovered up to end of March 1896 (actual collection).	Amount spent on repairs up to end of March 1896.	Amount reserved for repairs and reconstruction up to end of March 1896.
		Year.	Amount.				
1	2	3	4	5	6	7	8
