Proceedings of the Madras Government, Revenue Department, 25th April 1867.

No. 358. Read the following letter from the Acting Government Solicitor, to the Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 20th April 1867, No. 252:—

Dated 2nd April 1867, No. 762, Revenue Department.

1. I was duly favoured with the Proceedings of Government noted in the margin.

2. It appeared to me that the opinion of the Acting Advocate General, as to the time within which a document executed by several persons, and at different times, should be tendered for registration under the Indian Registration Act of 1866, had been misunderstood.

3. I have, therefore, conferred with him on the subject, and have his authority for stating that, (without expressing any opinion as to the course which should be pursued with respect to the prior execution of any document requiring registration by the party or parties to it, other than the Government,) he is of opinion that any such document, to which the Government seal is affixed, can be tendered by the grantee for registration at any time within four months from the date when the Government seal is affixed to it.

4. I would suggest that, in all cases in which the grantee of land purchased under the Waste Land Rules executes the conveyance before the Government seal is affixed to it, and if there is any possibility of the lapse of an interval of more than four months between the date of execution by the grantee and the date when the Government seal is affixed to the Deed, the grantee should be required to register the conveyance immediately upon his executing it, leaving it open to him to re-register the Deed under Section 22 of Act XX. of 1866, after the Government seal has been affixed to it.

No. 359. ORDER THEREON, 25th April 1867, No. 931.
