No. 187. Read the following Proceedings of the Board of Revenue, dated 7th January 1867.

Read the following :—

No. 2.

Season Report for fifteen days ending 31st December 1866.

SEASON.—All that could be desired.

CULTIVATION.—Sambah crops looking well; gram and yelloo also doing well on dry lands.

HARVEST.—Kar is still being reaped, but little remains to be got in.

RAIN-FALL.—Quite sufficient, and has come from time to time just when required

EXPORTS.—Still being made to Madura and Dindigul, but on the decrease.

PRICES—Have steadily fallen, and kar paddy can now be purchased for Rs. 1-8-0 per Harris Cullum of twenty-four Madras Measures, which gives nearly eight measures of rice per Rupee. Influential ryots, with whom I have spoken, state that they expect after the Sambah harvest to see paddy at 1 Rupee for twenty-four Madras Measures, and gram hereafter at twenty measures per Rupee. Cholum, raggy, and varagoo are all equally cheaper.

HEALTH—Better than usual at this season of the year. As the condition of the district is in point of fact exceptionally good, perhaps no more fortnightly returns are requisite.

Collector.
