ENCLOSURE.

REPORT to accompany the estimate for the Pudiparti drainage channel compensation, II Circle.

Amount of estimate	...	...	...	...	...	...	Rs.
							1,240

In 1877 lands of Jonnavada shrotriem were taken up for Pennér flood bank and lands in
exchange were given in the abandoned Kotha tank of Pudiparti. The new lands given suffered
from submergence for want of a drainage channel, which was estimated for and completed in
1891.

The owners of those lands have put in a claim for compensation for loss of produce, but the
Collector has decided that the difference between the dry and wet assessment only can be granted
as the claim for compensation was put in far too late.
This estimate is therefore prepared to meet the charge.
