REMARKS.—The perusal of the Report on Forest administration in the Central Provinces for 1865-66, has again drawn the attention of His Excellency the Governor General in Council to the important subject of training and then promoting Native Subordinates in the Forest Department.

2. This subject is strongly recommended to the attention of Forest Officers in all Provinces under the Government of India. It appears to the Governor General in Council that a body of carefully trained Native subordinates and Officers in each Province, will make it possible hereafter to manage the Government Forests with more care and attention to detail, without unduly increasing the expense of Establishments.
