Submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. The selection of these blocks was approved by Government in its order No. 283, Revenue, dated 23rd June 1896.

3 The area of the Valluvapakkam block originally estimated to be 718 acres is now reported to be only 600 acres owing to the exclusion of certain lands for free grazing and for straightening the boundaries of the reserve. Though the block thus falls below the minimum prescribed for reservation, the Collector recommends its reservation on the ground that it consists of denuded hills.

Resolution—Forest No. 456, dated 19th October 1897.

Submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. The selection of these blocks was approved by Government in its order No. 283, Revenue, dated 23rd June 1896.

3 The area of the Valluvapakkam block originally estimated to be 718 acres is now reported to be only 600 acres owing to the exclusion of certain lands for free grazing and for straightening the boundaries of the reserve. Though the block thus falls below the minimum prescribed for reservation, the Collector recommends its reservation on the ground that it consists of denuded hills.
