Coimbatore Collector's Office
South Fort Branch.
18th December 1896.

From

H. Brasby Esq.
Collector of Coimbatore

To

The Secretary to the Commissioners
of Land Revenue, Madras

Sir,

I have the honor to inform you
that three of the original applicants have
now made their selections of land in accordance
with the terms of Government Order No.
495 dated 28th September 1896.

2. The areas have been computed from
the Survey of India Map and found to be
 $1216 \frac{17}{25}$, 1000, and $1057 \frac{1}{2}$ acres. The first and
last therefore exceeded the maximum
area authorised in the Government
Order quoted above.

3. This is likely to be the case with other selections and applications as the Applicants will doubtless endeavour to reach as closely as possible to the maximum area permitted and will certainly endeavour to avoid taking up less than 1000 acres.

It will cause much inconvenience to the parties concerned and loss of time, if I am obliged in each case to return the applications for rectification and in cases where good natural boundaries have been selected. It is very advisable that some excess should be allowed above the 1000 acre blocks.

4. I beg therefore to recommend that some discretionary power be allowed to the Collector and that he be authorised to accept applications in excess of 1000 acres within a margin say of 15% or 20%, demanding of course full payment for the whole in all cases. It is a fact that the maps do not pretend to be accurate where the areas are covered with thick forest and it may be found that the applicants referred to have not exceeded the 1000 acre limit.

5. It will I think be found necessary in most, if not all cases, to make a
Special

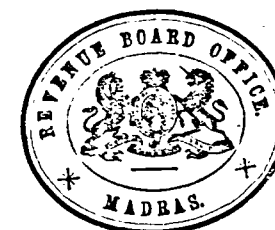

Special boundary or outline survey, after the lines are cut, and I think that provisions for this should be inserted as a condition of the lease in all cases.

I have the honor to be
Sir
Your most obedient servant.
Signed H. A. Goss.
for Collector.

Forwarded - In addition ~~ary~~ ^{ary} powers to the discretionary power to accept applications for areas in excess of maximum sanctioned, it will require to be understood that any excess found on accurate survey being made, shall also be permitted.

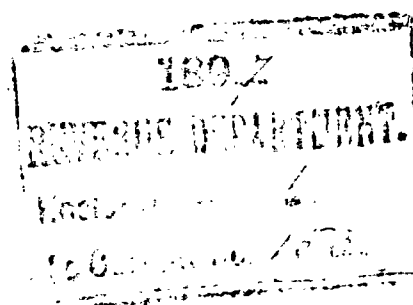

Resolution.

Submitted for the orders of Government.

The Board considers that the Collector may be authorised to overlook excesses not exceeding 10 per cent of the maximum of 1000 acres, in cases in which he is satisfied that the configuration of the country precludes rectification of the boundaries. If it is considered desirable in any case to allow a larger margin, a special report should be submitted for the orders of Government.

The assessment should be charged on the area found on a boundary or outline survey, which should be provided for as recommended in para 5 of the Collector's letter; but after a block has once been granted, no rectification of boundary can be asked for on the ground that the area in excess of the

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 8, dated 7th January 1897 :—

Read—the following letter from H. BRADLEY, Esq., Collector of Coimbatore, to the Secretary to the Commissioners of Land Revenue, dated 18th December 1896, Ref. on C. No. 1109 :—

I have the honour to inform you that three of the original applicants have now made their selections of land in accordance with the terms of G.O., No. 495, dated 28th September 1896.

2. The areas have been computed from the Survey of India map and found to be 1,216½, 1,000 and 1,057½ acres. The first and last therefore exceeded the maximum area authorised in the Government order quoted above.

3. This is likely to be the case with other selections and applications, as the applicants will doubtless endeavour to reach as closely as possible to the maximum area permitted, and will certainly endeavour to avoid taking up less than 1,000 acres.

It will cause much inconvenience to the parties concerned and loss of time, if I am obliged in each case to return the applications for rectification and in cases where good natural boundaries have been selected. It is very advisable that some excess should be allowed above the 1,000 acre blocks.

4. I beg, therefore, to recommend that some discretionary power be allowed to the Collector, and that he be authorised to accept application in excess of 1,000 acres within a margin, say, of 15 per cent. or 20 per cent., demanding of course full payment for the whole in all cases. It is a fact that the maps do not pretend to be accurate where the areas are covered with thick forest, and it may be found that the applicants referred to have not exceeded the 1,000 acre limit.

Endorsement of the Conservator of Forests, Southern Circle, dated 22nd December 1896, Ref. on Cur. No. 2326.

Forwarded. In addition to the discretionary power to accept applications for areas in excess of maximum sanctioned, it will require to be understood that any excess found on accurate survey being made, shall also be permitted.

Resolution—Forest Mis. No. 8, dated 7th January 1897.

Submitted for the orders of Government.

2.
