It is observed that in the "memorandum of reasons for proposed reservation" forming an enclosure to the Collector's letter read in the B.P., no remarks are entered against the Selekalu proposed block. The Board of Revenue is requested to report whether the block is a Shola or a Stream protector or whether there is any other special reason which will justify its reservation.

(LAND REVENUE).

READ—the following letter from J. H. A. TREMENHEERE, Esq., Collector of Nilgiris, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle, Coimbatore), dated Ootacamund, 23rd July 1897, Ref. on Cur. No. 67-B:—

I have the honour to submit, herewith, a draft notification under section 4 of the Forest Act in respect of the selections in Kotagiri and Yedappalli villages in the Paranginad division, together with the usual enclosures. A memorandum showing the reasons for reservation in each case is appended. It will be observed that the blocks have been selected as being "village forests", stream-protectors or sholas or all combined, and, in some instances, because they have already been entered in the settlement register by Mr. Benson as set apart for forest reservation for similar reasons.

2. This proposal is in continuation of Naduhatti village proposals disposed of in Board's Proceedings, Forest No. 142, dated 1st April 1897.

ENCLOSURE No. 1.

Memorandum showing reasons for proposed reservation.

Kotagiri village.—1. Tambarakhdava, part of E-216, registered as Government forest and stream but not yet reserved under section 16. It contains fairly good shola and is a stream-protector.

2. Ullanni D-40 village forest, a small shola and stream-protector.

3. Salada, Part of D-273, registered as Government forest and stream not yet reserved under the Act. Good shola and stream-protector should certainly be reserved for these reasons notwithstanding lengthy crooked boundaries.

4. Aregodalu—C-153 is village forest. Good shola notwithstanding the small area.

5. Selekallu C-147.

6. Bikkemalai C-145, same as 4 above.

7. Rajbey, parts of C-216-1, C-216-2 and C-218 and C-219. All these numbers are registered as Government reserved forest or stream or both, though not reserved under the Act. Should therefore be reserved as stream-protectors and sholas.

Yedappalli village.—1. Gathada Settlement No. 8-1, village forest, should be reserved, as it is shola.

2. Halakaray Reserve Addition No. I—Settlement No. 34, village forest. Should be reserved in spite of tortuous boundaries, as being a stream-protector.

3. Halakaray Reserve Addition No. II—Settlement No. 58-A, 64, 65-G and 94-C village forest—should be reserved, as it is a water-protector, three streams running through it.

4. Dolphin Reserve Addition—Settlement No. 83 and part of 68-A, village forest. Should be reserved, being a stream-protector—vide map which shows two ravines running through the block and joining before they enter the Kodamalai reserve.

ENCLOSURE No. 2.

Endorsement by E. D. M. HOOPER, Esq., Acting Conservator of Forests, Southern Circle, dated Coimbatore, 3rd August 1897, Ref. on C. No. 473.

Forwarded. The Board is already aware of the views of the undersigned as regards the inexpediency of the reservation under chapter II of the Forest Act of small unremunerative areas. This matter has been dealt with in this office, No. 136, dated 21st July 1897.

Reference on the above, dated 1st September 1897.

Before submitting the papers to Government, the Collector is requested to report as to whether any of the blocks now proposed for reservation are of the kind referred to in Mr. Hooper's letter recorded with Board's Proceedings, Forest Mis. No. 758, dated 30th July 1897, i.e., sholas which are useful only to neighbouring estate owners, and which may safely be given on darkhast to them or to others.

READ—the following letter from J. H. A. TREMENHEERE, Esq., Collector of Nilgiris, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle, Coimbatore), dated Ootacamund, 14th September 1897, Ref. on Cur. No. 67-B:—

In reply to the Board's Reference on Forest No. 2259, dated 1st September 1897, I have the honour to state that I have consulted the District Forest-officer as to whether any of the blocks contained in the proposals under reference may safely be given to neighbouring planters or others, and I agree with him in considering that none of the sholas should be so alienated. They all fulfil the general principle accepted by Government for the regulation of selections in the Paranginad division.

RESOLUTION—Forest No. 423, dated 30th September 1897.

In the first of the papers read above, the Collector of Nilgiris submitted proposals for notifying certain blocks in the Kotagiri and Yeddapalli villages of the Paranginad division. Before submitting the papers to Government, the Board called upon the Collector for a report as to whether any of the proposed blocks were of the kind referred to in Mr. Hooper's letter recorded in Board's Proceedings, Mis. No. 758, dated 30th July 1897, i.e., sholas which were useful only to neighbouring estate owners and which might safely be given on dharkast to them or to others. The Collector now reports that the blocks in question do not come under the above category, and should not therefore be alienated to the neighbouring planters or to others. The Board accordingly submits the draft notifications to Government for approval with reference to Government Order, No. 473, Revenue, dated 17th September 1896.

2. The blocks are all reported to contain good shola or to be stream-protectors and experience has shown that reservation under the Act is the only effectual means of protecting such areas against encroachment or alienation. Though they will not be directly remunerative, as observed by the Conservator, it has been shown in Board's Proceedings, Forest Mis. No. 646, dated 3rd July 1897, that the cost of reserving them will be trifling.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 926, Routine, dated 20th November 1897:—

Read—Official Memorandum from the Secretary to Government, Revenue Department, to the Secretary to the Commissioners of Land Revenue, dated 13th November 1897, No. 249:—

It is observed that in the "Memorandum of reasons for proposed reservation," forming an enclosure to the Collector's letter read in the Board's Proceedings, no remarks are entered against the Selekalu proposed block. The Board of Revenue is requested to report whether the block is a shola or a stream protector or whether there is any other special reason which will justify its reservation.

Resolution—Forest No. 926, Routine, dated 20th November 1897.

With reference to the Official Memorandum read above, the Board submits that the omission referred to by Government is due to a mistake in printing. The original memorandum of reasons submitted by the Collector shows that the remark entered against No. 6, Bikkemalai, is also applicable to No. 5, Selekalu, the two names being bracketed together.
