(Famine)

SIR,

Calcutta, the 9<sup>th</sup> December 1897.

I am directed to inform you that it has been decided to appoint a small Commission to formulate for future guidance the results of the experience which has been gained in the recent famine. A Resolution will shortly issue in which the objects of the Commission and its constitution will be fully stated.

2. The Commission will meet early in January; and it is important to collect and arrange full material for their use, to be in readiness by that date. For this purpose Mr. Holderness who will be a member of, and Mr. Mc Intosh, who will be Secretary to the Commission have been placed on special duty. It is probable that the information already available in the office of this Department will be found to be in some respects incomplete, and that it will be necessary to ask Local Governments to supply the defect.

3. I am therefore directed to request that all requisitions signed by H.J. Mc Intosh, on special duty with the Government of India, for statistical or other information may, with the permission of the Governor in Council, be treated as urgent, and complied with as promptly

as

as possible.
