MADURA COLLECTOR'S OFFICE, 1896

From

J. Yewgg Esquire,
Collector of
Madura.

To

The Secretary to Government,
Public Works Department,
Madras.

Sir,

I have the honor to forward herewith a draft declaration and schedule for the acquisition of 1.38 acres of land for the waterspread of Rengasamadram Tank, Pillayanatham Village, Dindigul Taluk, Madura District, and to request that the Government be moved to publish the notification in the Fort Saint George Gazette.

2. The owner is willing to part with his land.
3. The estimated cost of the land to be taken up may be omitted when publishing the notification in the Fort Saint George Gazette.
4. The Subsdar of Dindigul may be authorized to perform the functions of a Collector under the Act and to take order for the acquisition of the land.

Transferred to the Revenue
Department for disposal,
the work referred to being a
minor work in the charge of
the Revenue Dept.

Under Secretary
to Genl. P. M. S.
Irrigation Branch

I have the honor to be,
Sir,
Your most obedient Servant,

Collector.

CHIEF ENGINEER
FOR IRRIGATION.

Proceedings of the Board of Revenue
(Revenue Settlement, Land Records and Agriculture).

Dated 13th February 1897.

No. 1140 — Mis.

READ the following letter from the Collector
of Madras, dated 26th January 1897
Disposal no: 279 of 97:—

With reference to the Government
Endorsement no: 2104 R dated 12th
November 1896 calling for a report
as to whether the cost of the acquisition
of the land required for the water-
spread of Rangasamudram tank
in Pellaianatham village, Diindigab
Taluk, has been sanctioned by the
Revenue Department, I have the
honour to explain the circumstances
under which the acquisition of
1 acre and 38 cents of patta land
was recommended.

1897
REVENUE BOARD
3
To Government 1397

2. The owner of the piece of land proposed to be acquired (Survey No 232 A) complained that owing to the construction of the byewash 3 feet above the original level, the land in question became liable to submersion. He therefore requested that compensation might be given for the land thus rendered unfit for cultivation. The Assistant Engineer, who was consulted by the Sub Collector, stated that the level of the field in question was 1.55 to 2 feet below the present Full Tank Level of the tank fixed by the Tank Restoration Scheme, that it has become unfit for cultivation owing to the raising of the Full Tank Level, and that it is not possible to lower the level of the byewash without seriously affecting the capacity of the tank. In these circumstances, the Executive Engineer Madurai division having suggested

suggested the acquisition of the land, a draft declaration was submitted to government with a note that the acquisition of the land had been sanctioned by the Executive Engineer. The government in the Public Works department has referred the papers to the Revenue department, on the ground that the work in question is a minor work in charge of the Revenue department. I therefore request that the Board will be pleased to sanction the acquisition of the land and forward to government the draft declaration herewith submitted for approval and publication in the Fort Saint George Gazette. The cost of the acquisition can be met from the minor irrigation grant of the next official year.

Resolution

Submitted to government with reference

Reference to its endorsement No.
2104 R. dated 12th November 1896,
with the Board's recommendation
that the draft Notification and
Schedule submitted by the Collector
may be published in the Fort Saint-
George Gazette.

2. The cost of the acquisition of
the land can be met, as proposed by
the Collector from the Minor Irrigation
grant for the district for the next
official year.
