BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 9TH FEB. 1897, No. 112.

PROCEEDINGS OF THE BOARD OF REVENUE (REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from J. N. ATKINSON, Esq., Collector of Kistna, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Masulipatam, 15th September 1896, R.C. No. 6170-Ver.:—

I have the honour to solicit the Board's instructions regarding the rules prescribed for the preparation of the Statistical C return in Board's Proceedings, dated 18th June 1894, No. 246-R.S.

It is ordered that column 3 (a) should include unoccupied assessed land + minor inams + unassessed land + poramboke + forest land and column 4 (a) lands in holding + miscellaneous occupation which includes cultivation of poramboke and unassessed land. If poramboke cultivation is deducted in column 3 (a) from the area according to professional survey, how can it make its appearance in column 4 (a) which should show the remainder? For the same reason it cannot appear in column 4 (b) "cultivated," and consequently the area of cultivation entered in this account will differ from the Village Manual No. 1 account on which it appears to be ultimately based.

Read—letter from the Collector of Kistna, dated 11th December 1896.

ABSTRACT.—Requesting an early reply to his office Reference on Current No. 6170-Ver., dated 15th September 1896.

RESOLUTION—dated 9th February 1897, No. 112.

The area of such portions of unassessed and poramboke lands as are occupied and charged under "miscellaneous" should be excluded from column 3 (a) and included in column 4 (a) of the returns of Agricultural Statistics. The figure in the latter column should be equal to the
