CURRENT No. 1350

As has already been stated,

whose attention will be drawn to the footnote marked A & B para 2 of G.O. No. 409 of 25.1.97. It is not possible to estimate the average cost of the new establishment or the approximate saving from financial effect of the proposals.

The Accountant General to the Govt of Madras

Order No. 1150 of 26 Feb 1897

No. 1186

The proposition statement will be transmitted to the A.C. in duplicate ~~transmitting the statement for consideration the financial effect of the proposals, being inserted therein.~~

Dated 18 Feb 1897

SUBJECT

Returning with remarks the proposition statement for the abolition of the Copyist Establishment of the Revenue Secretariat and the entertainment of a staff of typists in its place.

(a) I cannot find G.O. 604 Financial

of 21.9.96

(b) Very; I don't consider it approximate. What is the pay drawn now by existing incumbents & that drawn prior to the introduction of the new system.

To the Acct General. With prop. statement in duplicate

FORT ST. GEORGE,
Accountant-General's Office,
12th February 1897.

No. 486

From

A. C. Harrison Esquire,
OFF. ACCOUNTANT-GENERAL TO THE

To

GOVERNMENT OF MADRAS,
THE Secretary to Government,
Revenue Department.

SIR,

In returning herewith the proposition statement forwarded to the Financial Department through this office for the abolition of the copyist establishment of the Revenue Secretariat and the entertainment of a staff of typists in its place, I have the honour to invite your attention to Article 57 of the civil Account Code and to Government Order No. 604 Financial dated 21 September 1896 and to state that the proposition statement should have been forwarded in duplicate and that the proposed increase and decrease should have been entered in the columns provided for the

purpose showing the approximate financial effect of the change. I therefore request that you will be so good as to resubmit the statement in duplicate to this office after supplying the omissions pointed out.

I have the honour to be,

Sir,

Your most obedt. Servt.,

A. K. K. K.

Offg. Accountant General.

10/10/1917

(a) Pickup.

(b)

Pay of the Existing incumbents

1. Typist on Rs 25
2. Typist on " 20
3. "do" — 17/2
4. Typist on Rs 15
Short hand allowance 30
5. Typist — 15

Pay drawn prior to the introduction of the scheme.

1. Clerk Rs 25
2. Clerk Rs 20
3. Clerk Rs 17/2
4. Copyist (Tmr) Rs 20
5. "do" — Rs 20

The first thing to be done is to determine the average cost of the proposed establishment and then find out what the increase or decrease is.

In the case of appointments the pay of which rises regularly by periodical increments, the rule as to the determination of the

24/10/17

average cost is given in
para of art. 57 of the Civil
Account Code Vol I.

But in the case under
consideration the ~~incumbent~~
~~incumbent~~ pay does not rise
regularly.

The starting pay is Rs 16.
If the incumbent passes
the Elementary Test in
type writing he will be
entitled to an annual
increment of one Rupee.
If he passes the Inter-
mediate Test he will
get Rs 20 at once.

A few years hence
it may be possible to
get men who have
passed the Intermediate
Test - ~~and then~~ the average
cost of each ^{of the new} appoint-
ments now created
will be Rs $23\frac{3}{4}$. But
at present such men
are not available.

The existing incumbents
will probably take 2 or 3
years to pass the Inter-
mediate Test and it

* The ~~Govt.~~ ^{in the C.A.C.} instruction that
the average cost of an appoint-
ment which rises from Rs 20 to Rs 25
by annual increments of one
Rupee, ~~assumed~~ should be
taken at Rs $23\frac{3}{4}$, assuming
that the incumbent will
hold the office for 12 yrs.

maybe assumed
that their average
pay (before they
begin to draw Rs 20)
will be Rs 16.

The average of the two
averages may be put
down as follows:-

$$3750 - 16 \times 3 = 48$$

$$12 \times 23\frac{3}{4} \times 12 = 285$$

$$\begin{array}{r} 15 \overline{) 333} \\ \underline{225} \text{ Rs} \end{array}$$

or roughly Rs 22
or Rs $22\frac{1}{2}$
