READ following letter from the Collector of Cuddapah, dated 26th December 1896. Reference on Current No. 1714 of 96.

Coming: to the Collector of Cuddapah & order 669 Press, 26.11.96 reporting to report if he still requires further assistance.

In G.O. 669
26-11-96

With reference to Board's Proceedings No. 6286 dated 7th December 1896, I have the honor to state as follows:-

2. In para 5 of my letter printed in Board's Proceedings No. 347 dated 16th November 1896, I represented that the Tahsildars of the three Talukhs of Proddatore, Pulivendla and Jammalamadugu should be relieved of their ordinary duties by the appointment of Deputy Tahsildars to be in charge of the Taluk Offices. As Government has

has not passed orders on this point, I requested that the matter may be moved again.

3. Although the relief works have been placed in charge of the Public Works Department Officers, the Tahsildars have various duties connected with drafting men on to the works, the supervision of the works of paymasters and Kitchen Superintendents. This class of men is generally inefficient and unless constant and close supervision is exercised by a Superior Officer, there will be complaints from labourers of underpayment, nonpayment or delays in payments and the works will become unpopular. There will also be delays & irregularities in the submission of the necessary vouchers, bills, returns, and accounts, and if care is not taken to avoid such irregularities from the beginning, confusion will arise.

4. The Tahsildars have also to move about and find out what parts of the

the Taluk other than those served by the Relief Works in progress require attention and where people are in need of relief, to what extent and in what form. The duties connected with the detailed inspection of fields on which crops have been lost and on which suspension or remission of assessment will be necessary have to be very carefully performed by the Tahsildars themselves before Jaimabandi can be commenced, and in a season like this, they can not rely too much on the remarks of the Revenue Inspectors. A very large percentage should be personally aymoished by the Tahsildars themselves.

5. Thus the duties connected with the relief operations in progress and those required for the future as well as the aymoish of fields, will alone engage the sole attention of the Tahsildars if they are to be performed with any degree of efficiency. The Submagistrate

Submagistrate

Submagistrate cannot be burdened with the ordinary duties of the Taluk office and his magisterial work will suffer and it is not desirable to leave the whole of such work entirely in the hands of the Taluk Head Accountant.

There must be an Officer of the grade of Deputy Tahsildar at Head Quarters to look after the Treasury and attend to all the ordinary and routine duties of the Tahsildar. His services will also be in requisition often in connection with the inspection of the villages within a radius of 6 miles of the Head Quarters, while the Tahsildar is engaged at distant camps.

6. I therefore request that the sanction of Government may be obtained for the appointment of the Deputy Tahsildars already asked for.

Resolution

Submitted to Government with
the

the Board's recommendation that the collector's application be granted.

2. In its Proceedings No. 347 A dated 16th November 1896, the Board recommended that this sanction should be given, but the matter was not dealt with in Government Order No. 669 Rev. dated 26th idem.
