In connection with the settlement of land revenue
in the Wynad taluk, it is reported that certain arrears
of land revenue have long been outstanding,
owing to the retention by ryots of more land
than they could cultivate, to postponements of
collections in 1300 and to the failure
attending coffee cultivation for some time.

SUBJECT.

3. The Hon. Mr. S. S. S. suggested that the
Collector might be called upon to recommend
the remission of arrears if the defaulters
had real difficulty in paying them. After
discussion it was resolved to call upon
the collector for a report, which is submitted
in the current read above.

Submitting to Govt. with Board's
recommendation, letter from the Col-
lector of Malabar recommending that

may be written off the accounts.

BACK PAPERS.

4. As pointed out by the Secretary already, the remission of arrears before the process authorized by Act II of 1864 has been fully applied is an exceptional mode of treatment, and can be justified only ~~for~~ when the nature of the arrears and the reasons why the ryots cannot pay them are placed before Gov. in full detail.

G.O.	No.	Department.	Date.

The remarks of H. E. the Governor presume that a recommendation for the remission would be preceded by a personal enquiry into the merits of each case.

5. On reading the ^{endorsements} reports of the Collector and the Board of Rev. it will be observed that no information whatever has been furnished.

The Tahsildar has ^{submitted} ~~furnished~~ a statement "prepared from the lists received from the Amsams (villages)" and it refers also to an enquiry, made but it is not clear by whom it was made.

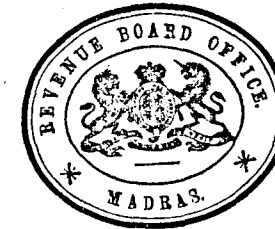

b. Neither the Collector nor the Board of Rev. appears to have realized the gravity of the ^{now} recommendation made. For orders as to whether the case should ^{be} returned for further enquiry personally by the collector or his Divisional Officer.

C. A. 1122
We are asked to consider
a debt of Rs. 1322 (thirteen
hundred and twenty-two rupees)
possible demand, & to pay
the same. The demand is for
the sum of Rs. 1322 as some
case in the any previous
this debt accrued. It is
accrued on account of the
mistake that was made in
the account. The amount was
paid to the Government, &
on account of the fact that
or on account of exceptional
misfortunes, the debt may be
cancelled, especially if the
defaulter has not enough
property (real & personal)
to liquidate it; but not
merely because a talukdar
reports that the land attached
on account of the debt will
have to be brought in & sold,
or that "it is really difficult
in the case of these defaulters
to pay the arrears". The recom-
mendation of the Board
& the Commr. is based on the
fact that the Govt. to whom they
are replying seemed to indicate
real difficulty in paying

as sufficient reason for
forgiving the debt. They did
now be told that further
information (as shown above)
is wanted, & it should be supplied
after inquiry made personally
by the Comr. or his Dist. Officer.

I agree. The question raised was whether or
not the assessment in the Wynad Taluk
was unduly high. This answer to this
question is required.

Read Cuss. 1122 and 1720 of

G.O. No. 1230 d/5th Mar 1897.

In the Board. Prop.
read above, the sanction of
Govt. is requested for waiving
off the accounts Rs 1324-10-7
- arrears of Land Revenue -
stated to be irrecoverable on
the grounds that difficulty
is experienced by the ryots
in paying the arrears due
and that the lands attached
will have to be bought in
by Govt. Neither of these
reasons can be held to war-
rant the grant of the sanc-
tion solicited. If the arrears
accrued on account of the mis-
take made by the ryots of
retaining too much waste
land after the settlement,
or on account of bad seasons
or exceptional misfortunes,
it may not be desirable to
insist on their collection,
especially if the defaulters
have not enough property
(real and personal) to liqui-
date

date their liability.)

Information on these points should be furnished after enquiry made ^{into each case} personally by the collector or his Divisional officer.

The enquiry now ordered will also throw light on the question whether or not the assessment in the Wynad taluk is unduly high.
