READ—the following papers:—

Proceedings of the Board of Revenue (Land Revenue), dated 19th December 1896, Forest Mis. No. 1648.

Read—the following letter from the Collector of Gódvári, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated Rajahmundry, 1st December 1896, Cur. No. 110-Forests:—

Under G.O., No. 2507 W., dated 11th October 1895, it was decided that the building known as the "Principal Sudder Amin's Court" at Rajahmundry, which was handed over to the Forest Department in accordance with the sanction conveyed in G.O., No. 2007 W., dated 14th August 1894, must remain on the books of the Public Works Department and that rent must be recovered under Public Works rules on the portion of the building occupied as a dwelling by the Forest Ranger at Rajahmundry.

2. Such a course has since been found to be very inconvenient both for the Public Works and Forest Departments. The building has been in disrepair and requires some improvements. The Public Works Department does not appear to take any interest in the matter, although the Executive Engineer has been addressed on the subject more than once. The municipal tax payable on the building is also, in the present circumstances, to be apportioned both to the Forest Department and the Public Works Department. The tax due on the portion of the building used as Range office is to be paid by the Forest Department and that on the portion occupied by the Ranger by the Public Works Department inasmuch as the rent due from the Ranger is being recovered by the Public Works Department.

3. In order to avoid all this confusion and to keep the building in a proper state of repair, I have the honour to request that the Board may be pleased to move the Government to reconsider its orders and to transfer the building entirely to the control of the Forest Department, in order that it may be maintained by that department, just in the same way as the other Forest bungalows and rest houses in the district. The Executive Engineer, Eastern Division, who has been consulted in the matter, says that he has no objection to the proposal.

No. R.C. 1078.

Forwarded and recommended. There is much difficulty at present.
