The draft notification submitted by the Board is defective by reason of the references to "X" "Y" & "Z" which are illegible to any one not in possession of the reserve map. - The defect is remedied & the Board is requested for the report whether it is the case that the last Inspector's house & compound are included in the reserve as well as from the map and also, whether the steps should not be taken to exclude them.

BOARD OF REVENUE (LAND REVENUE), FOREST No. 384, 18TH AUGUST 1896.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 620, dated 24th April 1896:—

Read—the following letter from J. HEWETSON, Esq., Acting Collector of Malabar, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle, Coimbatore), dated Calicut, 2nd December 1895, No. 390-Forest:—

I have the honour to forward, for approval and publication in the Fort St. George Gazette, a draft notification under section 16 of Act V of 1882 declaring the Beypore tope a reserved forest. The reservation may take effect from 1st April 1896.

2. Though the tope is only about 56 acres in extent, my predecessor recommended its reservation on the grounds that the extent of Government forests in South Malabar is small and that no hardship will be caused by the reservation—vide paragraph 3 of this office letter, dated 2nd August 1895, No. 292, Forest.

3. Copies of the Forest Settlement-officer's letter and of the register of claims, together with the sketch are enclosed.

ENCLOSURE No. 1.

From J. T. GILLESPIE, Esq., Acting Special Assistant Collector and Forest Settlement-officer, to the Collector of Malabar, dated Perintalman, 22nd November 1895, Ref. on No. 2032 C. and D.

I have the honour to submit, herewith, a draft notification under section 16 of the Madras Forest Act (V of 1882) for declaring the Beypore tope block a reserved forest. The map of the block and copy of the claim register B in respect thereof are enclosed.

2. The proposal to constitute this block a reserved forest was, under section 4 of the Act, notified at page 1212 of the Fort St. George Gazette of the 17th October 1893, and the proclamation required by section 6 of the Act was published by Mr. A. R. Knapp, the then Forest Settlement-officer, in diglott in the District Gazette, dated 22nd December 1893, copies of which were served upon all known or reputed owners or occupants of lands included in or adjoining the proposed reserve, besides being forwarded to the taluk and amsom authorities, and affixed to conspicuous places at the taluk head-quarters, and on the land itself.

3. There were 12 claims, all of which were disposed of.

4. I have the honour to state that the area of the block is below one square mile.

ENCLOSURES Nos: 2 to 4.—Register, &c.

Endorsement by E. D. M. HOOPER, Esq., Acting Conservator of Forests, Southern Circle, dated Coimbatore, 6th December 1895, Ref. on Cur. No. 1912.

Forwarded. A copy of the Collector's letter, dated 2nd August 1895, No. 292, was not kept in this office.

Resolution—Forest Mis. No. 620, dated 24th April 1896.

Returned to the Collector of Malabar for amendment and resubmission with reference to the following remarks:—

(i) Claim No. 1.—This is apparently Choyi's house and compound marked D in the plan and recorded as an enclosure in the notification. If so, it should expressly stated in the decision that the subject matter of the claim has been excluded from the reserve and retained as an enclosure. The extent of the enclosure should also be given in the register as in the notification.

(ii) *Claim No. 2.*—It is not stated in the decision to whom and to what width the right of way is allowed.

(iii) *Claims Nos. 3 and 4.*—Reading claim No. 3, it is apparent that the land dealt with is that marked X and excluded by the Forest Settlement-officer; while the next claim, as verified from the map, seems to show that the land in question is what is named "Musa Koya's paramba" which is outside the reserve. The Collector is requested to report fully on the point.

(iv) *Claim No. 8.*—It is presumed that the subject matter of this claim is the same as that dealt with in the first part of claim No. 3. The Collector is requested to report whether the Board's presumption is correct.

(v) *Claims Nos. 4 and 11.*—The cocoanut trees and the shed acquired for the reserve in these claims as well as the land dealt with in claim No. 10 should have been indicated on the map.

(vi) It is not understood why the old road from the Chalam river to the Chalam bazaar and the path from the Post office to the salt and abkari officials recorded in the draft notification and marked on the map have not been dealt with by the Forest Settlement-officer in the register. The river and the bazaar mentioned above as well as the backwater occurring in the eastern boundary description have not been named on the map. The omission should be supplied.

(True Copy and Extract.)

(Signed) R. C. C. CARR,
Acting Secretary.

To the Collector of Malabar, with four enclosures, through the
Conservator of Forests, Southern Circle.

READ—also the following letter from J. HEWETSON, Esq., Acting Collector of Malabar, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle), dated Calicut, 3rd July 1896, No. 211-Forest:—

With reference to Board's Proceedings, Forest Mis. No. 620, dated 24th April 1896, I have the honour to forward, herewith, letter, dated 29th June 1896, Ref. on C. No. 762 C. and D., from the Special Assistant Collector and Forest Settlement-officer furnishing the information called for by the Board in connection with the settlement of the Beypore tope block. The river, bazaar and backwater, referred to in the last paragraph of the Board's Proceedings, have been marked on the map.

2. The enclosures to the Board's Proceedings are herewith returned.

ENCLOSURE No. 1.

From J. T. GILLESPIE, Esq., Forest Settlement-officer, to the Collector of Malabar, dated Malapuram, 26th June 1896, Ref. on C. No. 762 C. and D.

With reference to your endorsement, dated 9th May last, Ref. on C. No. 494-F, on Board's Proceedings, No. 620, dated 24th April 1896, I have the honour to report as follows:—

2. *Claims Nos. 1 and 2.*—The necessary particulars have been entered.

Claims Nos. 3 and 4.—Moosa Koya made three distinct claims, viz., (1) for a right of way from his paramba allowed D.-C. in red ink—*vide* claim No. 4. (2) for X and (3) for Y—*vide* claim No. 3.

Claim No. 8.—The Board's presumption is not correct. The claimant is the holder under Government of the land over which claimant No. 6 claimed occupancy right. This land is the northern portion of X whereas the land claimed in claim No. 3 is the southern portion of X.

Claims Nos. 4 and 11.—The cocoanut trees and the shed have been noted in the plan.

3. As regards the last paragraph of the Board's Proceedings, the road and the path have not been treated in a separate claim, because no one put in a claim for these rights of way. The District Forest-officer brought these rights of way to the notice of Mr. Knapp, then Forest Settlement-officer, and requested that the rights might be allowed. They were therefore allowed without any formal claim and decision thereon being recorded in the register.

RESOLUTION—Forest No. 384, dated 18th August 1896.

The settlement papers, revised and received with the letter read above, will be submitted to Government with the request that the draft notification may be approved and ordered to be published in the *Fort St. George Gazette*, the reservation to take effect from the 15th December next.

2. (i) *Claim No. 4.*—It is not stated in the register to whom and to what width the right of way allowed in this claim has been admitted, although the necessary particulars are given in the draft notification. The Board has made the necessary correction in the former document so as to correspond with the latter.

(ii) *Claim No. 10.*—The land dealt with has not been indicated on the map as required in paragraph 1 (v) of Board's Proceedings, Forest Mis. No. 620, dated 24th April 1896.

(iii) *Claim No. 2.*—The particulars as to width, &c., of the path recorded in the register by the Forest Settlement-officer subsequent to the date of his decision have not been fully carried out in the draft notification. The latter document has, however, been corrected in this office.

(iv) It is observed that the Collector has neither submitted the usual area statement, nor reported the correct area of the block with reference to the exclusions ordered at settlement. The correct extent should now be reported.

3. Though the proposed block is very small in extent, its retention has been sanctioned by Government in its Order No. 114, Revenue, dated 16th March 1896.

4. With reference to paragraph 3 of the Forest Settlement-officer's letter now submitted, the Board considers that the road and the path referred to should have been treated as a separate claim at the instance of the District Forest-officer. This is the course which is followed by all other Settlement-officers.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 384, dated 18th August 1896:—

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 620, dated 24th April 1896:—

Read—the following letter from J. HEWETSON, Esq., Acting Collector of Malabar, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle, Coimbatore), dated Calicut, 2nd December 1895, No. 390-Forest:—

I have the honour to forward, for approval and publication in the *Fort St. George Gazette*, a draft notification under section 16 of Act V of 1882 declaring the Beypore tope a reserved forest. The reservation may take effect from 1st April 1896.

2. Though the tope is only about 56 acres in extent, my predecessor recommended its reservation on the grounds that the extent of Government forests in South Malabar is small and that no hardship will be caused by the reservation—*vide* paragraph 3 of this office letter, dated 2nd August 1895, No. 292, Forest.

3. Copies of the Forest Settlement-officer's letter and of the register of claims, together with the sketch are enclosed.

ENCLOSURE No. 1.

From J. T. GILLESPIE, Esq., Acting Special Assistant Collector and Forest Settlement-officer, to the Collector of Malabar, dated Perintalmanna, 22nd November 1895, Ref. on No. 2032 C. and D.

I have the honour to submit, herewith, a draft notification under section 16 of the Madras Forest Act (V of 1882) for declaring the Beypore tope block a reserved forest. The map of the block and copy of the claim register B in respect thereof are enclosed.

2. The proposal to constitute this block a reserved forest was, under section 4 of the Act, notified at page 1212 of the *Fort St. George Gazette* of the 17th October 1893, and the proclamation required by section 6 of the Act was published by Mr. A. R. Knapp, the then Forest Settlement-officer, in diglott in the District Gazette, dated 22nd December 1893, copies of which were served upon all known or reputed owners or occupants of lands included in or adjoining the proposed reserve, besides being forwarded to the taluk and amson authorities, and affixed to conspicuous places at the taluk head-quarters, and on the land itself.

3. There were 12 claims, all of which were disposed of.

4. I have the honour to state that the area of the block is below one square mile.

ENCLOSURES Nos. 2 to 4.—Register, &c.

Endorsement by E. D. M. HOOPER, Esq., Acting Conservator of Forests, Southern Circle, dated Coimbatore, 6th December 1895, Ref. on Cur. No. 1912.

Forwarded. A copy of the Collector's letter, dated 2nd August 1895, No. 292, was not kept in this office.

Resolution—Forest Mis. No. 620, dated 24th April 1896.

Returned, to the Collector of Malabar for amendment and resubmission with reference to the following remarks:—

(i) *Claim No. 1.*—This is apparently Choyi's house and compound marked D in the plan and recorded as an enclosure in the notification. If so, it should be expressly

stated in the decision that the subject matter of the claim has been excluded from the reserve and retained as an enclosure. The extent of the enclosure should also be given in the register as in the notification.

(ii) *Claim No. 2.*—It is not stated in the decision to whom and to what width the right of way is allowed.

(iii) *Claims Nos. 3 and 4.*—Reading claim No. 3, it is apparent that the land dealt with is that marked X and excluded by the Forest Settlement-officer; while the next claim, as verified from the map, seems to show that the land in question is what is named "Musa Koya's paramba" which is outside the reserve. The Collector is requested to report fully on the point.

(iv) *Claim No. 8.*—It is presumed that the subject matter of this claim is the same as that dealt with in the first part of claim No. 3. The Collector is requested to report whether the Board's presumption is correct.

(v) *Claims Nos. 4 and 11.*—The cocoanut trees and the shed acquired for the reserve in these claims as well as the land dealt with in claim No. 10 should have been indicated on the map.

(vi) It is not understood why the old road from the Chalam river to the Chalam bazaar and the path from the Post office to the salt and abkari officials recorded in the draft notification and marked on the map have not been dealt with by the Forest Settlement-officer in the register. The river and the bazaar mentioned above as well as the backwater occurring in the eastern boundary description have not been named on the map. The omission should be supplied.

(True Copy and Extract.)

(Signed)

R. C. C. CARR,
Acting Secretary.

To the Collector of Malabar, with four enclosures, through the Conservator of Forests, Southern Circle.

Read—also the following letter from J. HEWETSON, Esq., Acting Collector of Malabar, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle), dated Calicut, 3rd July 1896, No. 211-Forest:—

With reference to Board's Proceedings, Forest Mis. No. 620, dated 24th April 1896, I have the honour to forward, herewith, letter, dated 29th June 1896, Ref. on C. No. 762 C. and D., from the Special Assistant Collector and Forest Settlement-officer furnishing the information called for by the Board in connection with the settlement of the Beypore tope block. The river, bazaar and backwater, referred to in the last paragraph of the Board's Proceedings, have been marked on the map.

2. The enclosures to the Board's Proceedings are herewith returned.

ENCLOSURE No. 1.

From J. T. GILLESPIE, Esq., Forest Settlement-officer, to the Collector of Malabar, dated Malapuram, 29th June 1896, Ref. on C. No. 762 C. and D.

With reference to your endorsement, dated 9th May last, Ref. on C. No. 494-F., on Board's Proceedings, No. 620, dated 24th April 1896, I have the honour to report as follows:—

2. *Claims Nos. 1 and 2.*—The necessary particulars have been entered.

Claims Nos. 3 and 4.—Moosa Koya made three distinct claims, viz., (1) for a right of way from his paramba allowed D.-C. in red ink—*vide* claim No. 4. (2) for X and (3) for Y—*vide* claim No. 3.

Claim No. 8.—The Board's presumption is not correct. The claimant is the holder under Government of the land over which claimant No. 6 claimed occupancy right. This land is the northern portion of X whereas the land claimed in claim No. 3 is the southern portion of X.

Claims Nos. 4 and 11.—The cocoanut trees and the shed have been recorded in the plan.

3. As regards the last paragraph of the Board's Proceedings, the road and the path have not been treated in a separate claim, because no one put in a claim for these rights of way. The District Forest-officer brought these rights of way to the notice of Mr. Knapp, then Forest Settlement-officer, and requested that the rights might be allowed. They were therefore allowed without any formal claim and decision thereon being recorded in the register.

The draft notification submitted by the Board is defective by reason of the references to "X," "Y" and "Z" which would be unintelligible to any one not in possession of the reserve map. The defect should be remedied and the Board is requested further to report whether it is the case that the Salt Inspector's house and compound are included in the reserve, as would appear from the map, and, if so, whether steps should not be taken to exclude them.
