Proceedings of the Board of Revenue
(Separate Revenue)
Nos. No. 658
Dated 16th February 1897.

Read the following letter from the Collector of Nilgiris
Ref. C. No. 1565 of 96 dated 30th January 1897:-

"I have the honor to request the instruction of the Board on the following point:-

Messrs Leishman and Co have been exporting Beer to places out of the Madras Presidency under their own permits. But section 7 of the Abkari Act states that such exports shall take place under a permit from the Collector. The proviso to the above Section states "Provided that Subject to the orders of the Governor in Council the Collector may from time to time permit the export of liquor."

Messrs Leishman and Co on being asked under what authority they have been issuing beer to places out of the Presidency, state that they have been doing it upto this time without question, but have produced no authority. I am, however, of the opinion that such export should not be allowed except under a permit from the Collector.

I have the honor therefore to request instructions whether such exports may be permitted by Collectors without the Sanction of the Government in every case, or if Messrs Leishman and Co can themselves issue such permits in the same way that they are allowed to issue transit within the presidency. The Assistant Commissioner of Salt and Abkari Revenue Trichinopoly who was addressed on the Subject states that the action of Messrs Leishman and Co is illegal, and that the Sanction of Government should be obtained by the Collector to permit export of liquor. If So, I beg that the Board may be pleased to obtain the Sanction of Government, delegating to me the power of sanctioning export of liquor, as the Brewers have more than on one occasion in a month to export Beer, and as it would be inconvenient to obtain the Sanction of Government each time"
