OFFICE NOTE.

With reference to official memorandum no. 132, Revenue, dated 2nd July 1897, the Superintendent, Government Press, submits that the Register maintained in the Secretariat shows the date of proofs to have been received in the press and attended to, it is the more likely that the G.O. no. 740 may not forwarded through an accident or oversight in the despatching from the Secretariat. The entry in the Register is no proof that the G.O. no. 740 was actually despatched to the Press.

2. The contents of boxes containing G.O.s received daily from the General Secretariat are invariably attended to by the Superintendent and in his absence by the Deputy and Assistant Superintendents.

before the press subordinates handle the papers, and all papers for the gazette are carefully selected and arranged for, to prevent delay or loss of the papers.

3. A further search has been made in the files of G.G. maintained by the Superintendent, but G.G. No. 740 is not found.

NOTE FOR THE SECRETARY.

The Supt of the Govt Press was asked why he had not published certain Forest settlement notices, Seat has write G.O. No 740 of 29-12-96. He states that the G.O. was never received by him. The office says it has sent in a box together with certain other papers which have duly reached the Supt:

I perceive that the matter should not be allowed to drop, but that the Supt may be informed of this other papers & asked to search again & report what action was taken under the G.O. in question. I gather he is shelterring himself under the phrase "it cannot be known as having been communicated to the Press for the purpose of insertion of publication" (Para 1 of the Supt G.P. office note).

OFFICE NOTE.

In reply to official memorandum No. 117 Revenue, dated 5th June 1897, the Superintendent, Government Press, submits that a very careful search has been made for G.O. No. 740 Revenue, dated 22nd December 1896, but it cannot be traced as having been communicated to the Press, for the purpose of publication of the Notifications as it does not appear in the Gazette Register.

2. As regards paragraph 2, the Superintendent submits that the Notifications were received on Tuesday the 1st instant at 7 P.M., too late for insertion in the Fort St. George Gazette of that evening. Further the Notifications were not in type after such a length of time and the Gazette Part I was made up.

3. If the clerk sending the G.O. No. 2712 dated 28th May 1897, had marked on it that the Notifications were if possible to be inserted in that evening's Gazette, or if he

had telephoned over during the day-time on Tuesday about the notifications, the Superintendent would have delayed the issue of the Gazette by two or three hours on Wednesday to insert them.

4. Attention is respectfully invited to the latter portion of para 2 of G.O. No. 906 Public, dated 4th November 1875, fixing the times for the receipt of such notifications for insertion in the Gazette.
