ORDER H. I. S. C.

No 137 dt 9th Aug '97

Ses 9/1/97

The papers received with the Endorsement read above regarding the investigation of the Muthukolam Project in the Ciombatore District will be forwarded to the Board of Revenue for report.

2. From the information now before Government, it appears that no fresh areas could safely be brought under wet cultivation on the completion of the Project and that any return on the expenditure incurred must therefore be looked for in (1) ^athe reduction of the remissions which have to be granted on the average to the amount of Rs.15000 a year, (2) ^{an}increase in second crop charge, (3) water rate on dry lands, whether inam or otherwise, and (4) enhanced rates which the ryots may individually undertake to pay in consideration of the improved facility of irrigation

irrigation. The Board is requested to
report (1) what is the maximum area com-
-manded by the project and (2) what re-
turn may be expected from the sources
just indicated having regard to the
nature of the project and to the time
of year at which the additional supply
of water will be brought down.
