Resolution.

The Accountant General will be informed, with reference to his letter no. 302 of 27 January 1897, that, from the revised figures furnished by collectors, the Board anticipates a decrease of about 10 lakhs in the revised estimate of Land Revenue receipts for the current year. This falling off is attributable mainly to the

following facts. In Cuddapah and parts of North Arcot the collection of some of the kists on ryokumari lands, falling due within the official year,

District	As originally fixed in 1896-97			As now estimated		
	Probable demand for 1306	Portion paid due in the 5 months to March 1897	Balance due for the 5 months	Probable demand for 1306	Portion paid due in the 5 months	Balance due for the 5 months
Cuddapah	1640	1640	1460	1740	1125	1015
North Arcot	2705	2283	2123	2625	1935	1832
Tinnevely	3093	1571	1376	3093	1368	1273
Krishna	5700	5516	5428	5770	5371	5235
			10387			1307

has been postponed till April 1897 while in Tinnevely the entire lying deductions payable to religious institutions, amounting in all to over two lakhs, are payable before the close of the official year though the revenue of the villages from which the allowances have to be disbursed is realisable in four equal instalments - February to May. This last fact was not noticed in previous years, but account will be taken of it in future.

The decrease is also due in part to the anticipated falling off in water rates and miscellaneous Revenue in North Arcot and to the greater portion of the waste lands under the Peddalahalli channel in the Krishna district having remained unsold at the auction sale held in January last.

Districts	Probable Seasonal remission	Probable current demand for 1306	Portion falling due in the 5 months to March 1897	Balance expected to stand over for collection on 1st April 1897
			In thousands of rupees	
Gangam	250	11.48	1004	2436
Vizagapatam	287	13.39	946	230
Anantapur	548	581	290	69
Bellary	765	907	794	280
Kurnool	240	14.60	1459	580
		543	449	159

2. The Board observes that the requirements of the remaining affected districts are met by the postponement of the collection of amounts likely to be remitted and by the adoption of a lower percentage of collection in regard to the net realizable demand on account of the unfavorable character of the present season. The revised estimate already provides for this.

3. The budget estimate for the ensuing year may be raised by 80 per cent of the above mentioned 10 lakhs or by 8 lakhs as it may not be possible to realize the whole of
