PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from A. C. TATE, Esq., Collector of Cuddapah, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Camp Surubhu, 9th February 1897, Ref. on Cur. No. 191-Rev. :—

With reference to B.P., dated 3rd instant, No. 94, Press, I have the honour to state that it seems to me unnecessary to postpone collections in this district in regard to lands on which cotton, ragi, castor, dholl and garden crops have been grown and on lands on which cholam and pulses will yield more than 8-anna crop. In these cases the ryots will not feel any hardship in paying the Government dues considering the yield of the crops and the current market prices of grains. I have therefore issued orders to the Tahsildars to proceed with the collections as it will be no real benefit to the ryot to suspend it now and demand payment afterwards. The harvesting operations are now going on and the ryots in the above cases will not feel much difficulty in paying the Government dues. I request therefore that the Board will approve of my action. Of course attachments and sales will not take place in really hard cases where ryots have no means of paying the dues.

RESOLUTION—dated 27th February 1897, No. 172.

In the letter read above, the Collector of Cuddapah states that it is unnecessary to postpone collections in his district in regard to land on which cotton, ragi, castor, dholl and garden crops have been grown, and on land on which cholam and pulses will yield more than an 8-anna crop; and that he has issued orders to the Tahsildars to proceed with collections in these cases; and requests that his action may be approved. He adds that attachment and sales will not take place in really hard cases where ryots have no means of paying the dues.

2. The Collector's order is in direct conflict with that of the Board (in its Proceedings, dated 3rd February 1897, No. 94). Remission for "dry" is granted not on crops, but on tracts; and until a decision has been arrived at regarding dry remissions, collections should be restricted to wet lands. The Collector may, in a preliminary report, submit his views as to Badvel, Sidhout, Pullampet and the four sub-division taluks, and after receipt of orders, proceed with the collections there, as it is not probable that any large tract requiring remission will be found in those taluks. As to Cuddapah, Jammalamadugu, Pulivendla and Proddatur, the Board's orders should be strictly adhered to, and any orders inconsistent with them should be cancelled at once.

3. It has been categorically stated by a correspondent in the *Madras Mail* that collections are being made on wet lands on which crops have failed. This should in no case be done. All doubtful wet items should lie over till jamabandi. The Collector has power himself to order this (*vide* B.P., dated 2nd March 1896, No. 31). He is requested at once to issue the most stringent orders to all Revenue Officers to follow the course above prescribed.
