Note with reference to the Hon: ~~member~~ Mr Grenier's query at foot of C.S. 14450/15-3-97

The appended Statement analyses the increase in exports to places outside British India. The analysis shows that the increase occurs almost wholly in the exports to ceylon under the Coasting rules; Mauritius and Re-union are also responsible for some of the increase.

Mr Benson's notes on the grain trade have been examined for an explanation of the large exports of rice to ceylon, but they fail to record the fact and do not state the causes thereof. An examination of the weekly season reports published in the Ceylon Gazette shows
