SUBJECT.

Explaining the slow progress made in the Registration of jenmam titles in Malabar, calling on the Collector of that Dist. to report when the work will be finished & to submit a statt showing the progress made up to the end of February 97 in the form approved in B.P. 27-3-93.1.97 & requesting the Supt. of Survey to state whether the Field Measurement Books have been ~~accorded~~ to Rev. Officers for all the desams in the Wallumnad Tk. & for any of the desams in Ponnani & Eurumbranad.

C.CO 18/3/97

Note The poor out-turn of work in Dec/96 in registering jenmam titles is stated to be due to

(1) The special establishment of Revenue Insprs & Peons not having been entertained until the middle of the year.

(2) The field measurement books for the desams in the Palghat and Walluvanad ~~and Palghat~~ Taluks having been supplied, though incompletely, only in Dec/96, and

(3) The field measurement books for ~~Ponnani~~ Taluk not having been supplied at all furnished in Dec/96.

Resolution.

Communicated to the Collector of Malabar for early report as to how long it will take to finish the work of registration of jenmam titles in the marginally noted four taluks.

Palghat, Ponnani, Walluvanad and Hirumbranad.

2. With reference to para 2 of the G.O. the Board submits that various causes have tended to retard the work of registration in the past calendar year. The special establishment of Revenue Inspectors and peons was not entertained until the middle of the year and satisfactory progress could not be expected until July 1896. When the Board in its Proceedings No.4403 Misc.dated 24th September 1896 remarked on the slow progress made in that month, the Collector pointed out that the special Deputy Collectors and their establishment were actually working a great deal too fast and sacrificing accuracy to speed and suggested the stoppage of the work pending the preparation and supply of Field Measurement Books. As will be seen from Board's Proceedings No.5585 Confl.No.156 dated 17th December 1896, the Collector's letters were referred to the Superintendent of Revenue Survey and it was only in the second fortnight of December that the Collector was asked to proceed with the work with the help of such field measurement books for the Palghat & Walluvanad

Taluks as had then been, or were expected to be, supplied. This accounts for the low outturn of work in the month of December 1896. It is also to be observed that the number of cases disposed of is not a correct index to the amount of work done as one petition may involve only a single item of land while another may contain a hundred items. The very high figures of pendency noticed by Government relate chiefly to the Ponnani Taluk for which field measurement books had not then been supplied.

5. The Superintendent of Revenue Survey will in this connection be requested to report whether the special Deputy Collectors have,--- since the date of his letter of 8th December 1896 No.491-B, been furnished with the combined Field or Sub-division Books for all the decams in the Walluvanad taluk and for any of the decams in the Ponnani and Palghat Taluks.

4. The Collector is requested to submit a statement showing the progress made up to the end of February 1897 in the form approved in Board's Proceedings dated 22nd. January 1897 No.374-Confl.No.30.
