No. 1141C

Government of Madras.

## PUBLIC WORKS DEPARTMENT.

Madras, 25 February 1897.

## OFFICE NOTE.

From The Secretary to Govt. P.W.D.

To The Secretary to Govt. Revenue Deptt.

Famine relief works have as their chief object, not the execution of work but the saving of life; & this being the case, it is not surprising that the Government should be desirous of having the supervision of these works placed under the Revenue Department. It is true that the supervision of these works is a technical matter, but it is also a matter of public health, and it is therefore not surprising that the Government should be desirous of having the supervision of these works placed under the Revenue Department.

I much regret that I cannot agree with the views of the Board. The question as to whether the establishment employed in the execution of any Engineering work is adequate or not is certainly one that should be settled by the Executive and Superintending Engineers and not by the Collector. In matters that are not purely professional, the latter officer should settle the strength of establishment required. I may mention that the Superintending Engineer submits to me

I must with the above Note. I would suggest that the Board's conclusion might be more explicit. I might point out that the scale of salaries employed on or in connection with famine works; that is to say, its numbers and its rates of pay, should have the approval and countersignature of the Collector.

(18-1,000-11-8-93.)

N.B. There is no information on the part of the D.P.W. in Madras. It is only a matter of time before it will be settled.

fortnightly statements showing the distribution of the establishment under him giving number of coolies employed &c and this statement is accompanied by maps showing the position of each work. This Mr. [unclear] [unclear] & check on the [unclear] & I cannot see the further check of an [unclear] Office is necessary.

BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 11TH FEB. 1897, No. 124.

## PROCEEDINGS OF THE BOARD OF REVENUE (REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following paper:—

Letter from W. B. DEWINTON, Esq., Superintending Engineer, III Circle, Bellary, to the Collector of Bellary, dated 4th February 1897, No. 3708.

With reference to your letter to the Executive Engineer, Bellary Division, Dis. No. 420, dated 21st January 1897, copy of which you have forwarded to me for information, I have the honour to point out that the appointment of upper and lower subordinates of this department and the necessary establishment for them is a matter which concerns this department alone. The upper subordinates are appointed by the Chief Engineer and the lower subordinates and establishments of clerks and peons either by myself or my Division Officers. Such appointments require no one else's approval, and in circulating Proceedings of the Board of Revenue, dated 18th December 1896, No. 447, which was received by me from the Chief Engineer, I have directed my Division Officers to substitute "Superintending Engineer" for "Collector" in the last word of the Resolution.

2. Of course, if you wish to see a list of such appointments, I shall be happy to instruct Division Officers to send them to you, for information, but personally in view of the number of famine returns they have now to prepare, I do not think it is necessary.

3. With regard to paragraph 2 of your letter the officer in charge of Bellary division will be directed to take over such of the Local Fund Department Executive staff as he considers competent. They must, of course, be placed *entirely* under his orders, and look to no one else for them.

4. With reference to paragraph 3, every upper subordinate of this department is provided with a clerk under the Public Works Department Code. Rule 3, Appendix VI, probably applies to Local Fund overseers. It is quite impossible for the upper subordinates of this department to perform their duties without regular clerks.

Endorsement thereon by the Collector of Bellary, dated Bellary, 8th February 1897, Ref. on C. No. 428.

Forwarded to the Board of Revenue (Revenue Settlement) with reference to B.P., dated 18th December 1896, No. 447, for favour of orders as to whether Mr. deWinton's reading of the Board's Resolution is correct.

2. The undersigned is of opinion that the scale of establishment should have the approval of the Collector, but that his approval of individual appointments is not necessary.

RESOLUTION—dated 11th February 1897, No. 124.

The paper read above will be submitted for the orders of Government with an expression of the Board's concurrence with the views expressed by the Collector in paragraph 2 of his endorsement so far as they go. It appears to the Board that the

2 BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 11TH FEB. 1897, No. 124.

Collector's opinion would only be necessary in deciding whether the establishment was adequate or not. Section 24 of the Code does not seem to contemplate the Collector having a veto on the appointment of subordinate officers by the Engineer.

2. The monthly return II (c) (Appendix II to the Code) is necessary for the information of the Board and Government.

## FOR ORDERS.

Please see Ed's Pro. No. 447. dated 18th Dec. flagged A. This Pro. was recorded i.e. was tacitly approved. On its being sent to the Supt. Engineer he wrote to the Collector objecting to the orders of the Board & the Collector has sent the matter on to the Board for orders. The Board in the current rules that the scale of est. should have the approval of the Collector, but that his approval of individual appointments is not necessary. Accordingly I have passed the draft on the current & sent it to the D.P.W. for counter-initials but Col Campbell has sent it back with the appended note. The paper is therefore circulated for orders.

## REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 11th February 1897, No. 124:—

Read—the following paper:—

Letter from W. B. DEWINTON, Esq., Superintending Engineer, III Circle, Bellary, to the Collector of Bellary, dated 4th February 1897, No. 3708.

With reference to your letter to the Executive Engineer, Bellary Division, Dis. No. 420, dated 21st January 1897, copy of which you have forwarded to me for information, I have the honour to point out that the appointment of upper and lower subordinates of this department and the necessary establishment for them is a matter which concerns this department alone. The upper subordinates are appointed by the Chief Engineer and the lower subordinates and establishments of clerks and peons either by myself or my Division Officers. Such appointments require no one else's approval, and in circulating Proceedings of the Board of Revenue, dated 18th December 1896, No. 447, which was received by me from the Chief Engineer, I have directed my Division Officers to substitute "Superintending Engineer" for "Collector" in the last word of the Resolution.

2. Of course, if you wish to see a list of such appointments, I shall be happy to instruct Division Officers to send them to you, for information, but personally in view of the number of famine returns they have now to prepare, I do not think it is necessary.

3. With regard to paragraph 2 of your letter the officer in charge of Bellary division will be directed to take over such of the Local Fund Department Executive staff as he considers competent. They must, of course, be placed *entirely* under his orders, and look to no one else for them.

4. With reference to paragraph 3, every upper subordinate of this department is provided with a clerk under the Public Works Department Code. Rule 3, Appendix VI, probably applies to Local Fund overseers. It is quite impossible for the upper subordinates of this department to perform their duties without regular clerks.

Endorsement thereon by the Collector of Bellary, dated Bellary, 8th February 1897, Ref. on C. No. 428.

Forwarded to the Board of Revenue (Revenue Settlement) with reference to B.P., dated 18th December 1896, No. 447, for favour of orders as to whether Mr. deWinton's reading of the Board's Resolution is correct.

2. The undersigned is of opinion that the scale of establishment should have the approval of the Collector, but that his approval of individual appointments is not necessary.

Resolution—dated 11th February 1897, No. 124.

The paper read above will be submitted for the orders of Government with an expression of the Board's concurrence with the views expressed by the Collector in paragraph 2 of his endorsement so far as they go. It appears to the Board that the

Collector's opinion would only be necessary in deciding whether the establishment was adequate or not. Section 24 of the Code does not seem to contemplate the Collector having a veto on the appointment of subordinate officers by the Engineer.

2. The monthly return II (c) (Appendix II to the Code) is necessary for the information of the Board and Government.
