Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated 9 March — 1897.

No. 1785 Mis

READ The following letter from the Collector of Anantapur, dated 27th February 97 Dis No 1122 / 3.3.97 :—

With reference to Board's Proceedings No 555 Mis: dated 26.1.97 and 1081 Mis dated 11.2.97 reviewing the fortnightly gang statements of this District for the period ending 15th January 1897, I have the honour to state as follows:—

P 692 6-2-97

(1) The tasks prescribed for gangs 19, 21 & 24 were not modified with reference to the lead quoted but the overseer in charge had allowed in some work in addition to that

that actually done by the gangs in consideration of the long distance which the Coolies had to walk to carry the gravel &c. The standard tasks in Table H do not provide for all such varying and distant leads and the Assistant Engineer has since prepared and submitted separate task tables which have already been forwarded for Board's approval with my Ref on C 272 19.2.97

(2) Gang No 24, which is a D Class gang, was not actually fined for the short work turned out on that day viz 14th January 97. When the total outturn of work done on the 14th, 15th & 16th was taken into account, no deduction had to be made as the outturn was equal to the prescribed task. As the gang's statement exhibited entries for only the last day of the fortnight the deduction shown against this gang in the last Column was that to be made in respect of the work of the day in question (Vide B.P No 8 5.1.97) by 8

(3) With reference to the remark of Government Government that gang No 18 was assigned a task of 6.C. yards only instead of 11.4 C. yds, it is ascertained that the same gang was also employed on other work on the same day viz dry tamping and a task of 99 Cubic yards was set to it under the latter description of work.

Resolution

Submitted to Government with reference to G.O 692 6.2.97 by B

2. It would appear from the facts reported in para 2 of the Collector's letter and from the fact that the recent orders of Government allow of considerable adaptation of the tasks to the condition of the workers that the question whether the former should

Should not be given up may be considered.
