REVENUE BOARD OFFICE. MADRAS.

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated 17 February 1897.

No. 1227 Mis:-

READ the following letter from the Collector Bellary, dated 7 February 1897 No. 227/9488:-

Referring to paras 2 & 3 of Board's Proceedings No. 770 Mis dated 2 February 1897, I have the honour to state that the deduction noted in Col: 11 of Statement No. I-B is the one to be made and not that actually made. The Office Copy of the Statement shows that 1/5 deduction has been noted against Balasaldoddi tank work and its omission in the fair copy is a mistake. The attention of the Executive Engineer

P 6/2
5/2/97

has already been drawn ~~#~~ to the low outturn of work on the Bellary-Moka road and his reply will be submitted on receipt.

2. As regards the large deficiencies noticed in para 4, the matter has already been brought to the notice of the Executive Engineer and his attention will be again drawn to it.

3. I request instructions as to whether Col: 11 of Statement No: I should show the deduction actually made or that to be made under the scale laid down in the Code. The Column, as it is headed, shows that only the deduction in pay to be made should be entered, but this seems to me useless.

Resolution

Resolution.

Submitted for the information of Government.

2. In regard to the points raised in para 3. the Collector will be referred to Board's Proceedings, dated 5th January 1897 No: 8, the instructions given in which are, it is believed, in accordance with the G. O. read in these Proceedings.

FOR ORDERS.

With reference to para 4 of the Collector's letter and para 2 of the B.P. the fortnightly Return abstract prescribed in G.O 600/11-11-96 REV was originally intended to relate to the work done during the whole fortnight, and Col 11 appears to have been intended to show the deductions actually made in the fortnight, and not the deductions that ought to be made in accordance with para 28 of appendix VI of the Code; this latter can be arrived at by a simple calculation from the tasks set and the work actually done and does not afford a means of checking how far the tasks have been enforced.

In para 2 of G.O 751/26-12-96 in view of certain objections brought

Yrs. obdtly
Illegible

Abstract 1 was prescribed towards superior officers were whether & to what extent tasks are being enforced & none but Col 11 and afford deductions for any during the period. Now it refers to one day and Col 11 does not show that & two forms seem bound to fail of its effect in toto. Why shd it not be discontinued?

FOR ORDERS.

forwarded by the Board the Govt said that it would be sufficient if the required particulars for each gang be furnished for the last day of the fortnight only. Now, relief gangs are not paid daily always and the deductions made in their wages are "on the total out-turn of the days for which payment is to be made", so that it ~~will~~ may not always be possible ~~and~~ to say what the actual deductions were on the last day of the fortnight. Hence in communicating the G.O of 26th December to Collectors the Board directed that the deductions to be shown in column 11 of fortnightly return No 1 should be the "rateable deductions in pay to be made"; ~~and not~~ and the Govt ~~have~~ tacitly approved the instructions by recording the B.P. As already stated "the rateable deductions to be made" afford no means of check, ~~but~~ and as it is not always possible to say what are the actual deductions in respect of the work done on the last day of the fortnight, column 11

Para 28 of Appendix VI (Page 90 of the code).

Flagged A

Flagged B.

of Return No 1 is practically useless ~~and ought to be omitted~~.

RS 19-2-97

It is certainly necessary that Collrs do this know what deductions have been & are being made - but owing to the changes made it is but very seldom possible to get information. It might be got by viewing the payments to upset-rates when actually paid on each work on the day in question with the sum debited on sums. This will enable the Collr to exercise the powers & duties imposed on him by Sec 107 of the Code.

G.O. mis

Column 11 of the fortnightly return No. 1 was originally intended to show the deductions actually made during the fortnight; but the change authorized in para 2 of G.O. D 51 / 26-12-96 and the instructions issued by the Board in para 2 of its proceedings No. 8 dy 5-1-97 have rendered the column useless for purposes of check. It is however necessary that Collectors should know what deductions have been made and are being made, in order to enable them to exercise the powers and duties imposed on them by section 104 of the Code. Paymasters should therefore be required to show in the last column of the return the

Sums ~~deductions~~ actually ~~paid made~~ on the last pay-day of the fortnight and with the sums deducted as fines; the entries in columns 3 to 10 of the return will then be the total of the particulars for the days for which payment is made on the last pay-day

The last day of the month may make a fortnight.

This is necessary to check the sums & the deductions.
