4	Salem	1	Repair of the Record room of the Sub Collr's office	Coimbr	"	1500

Note for the Secretary

I have obtained the original lists from the P.W. Department and, on comparing the printed list with them, find that all the five items noted in the accompanying statement marked "A" are omitted. These are very minor items & it is probable that ~~with~~ the works will have been executed before the close of the current year. The Chief Engineer will probably be able to give some information on the point.
