Proceedings of the Board of Revenue

Dated 13th March 1897.

No. 1932 Miscellaneous

READ

the following letter from the Collector of
 Cuddalore dated 9th March 1897 Ref no.
36 of 1897:-
 Town

The District Surgeon on his inspection
 of the relief works at Bollavaram,
 Proddalore Taluk, urged the necessity of
 supplying water to the coolies and advised
 that 3 Casks should be kept for the purpose.

2. There are only 10 Caste male adults
 fit to drag water carts on the works. Of these
 5 men are reported to be employed by turns
 to drag one hand cart. It does not appear
 advisable to employ all the 10 men on two
 carts, as it is very uncertain that they will
 continue to come daily if they are pressed
 to

to do this work morning to evening.

3. Board's Proceedings 20. 29 dated 26th January 1897, directs that human agency alone should be employed in such cases. But in view of the peculiar circumstances of the case at Bollavaram, I have, in anticipation of the Board's sanction, ordered that 2 bullock carts may be employed for the purpose. The third cart will continue to be worked by human agency.

Resolution

In the circumstances reported, the collector's action is approved. It would not, however, be objectionable to employ women and "chittals" in carrying water in pots, if of suitable caste. The work is just as good as any other form of relief work.
