REVENUE BOARD OFFICE. MADRAS.

Proceedings of the Board of Revenue

(Land Revenue).

Dated 2nd February 1897.

Forest No. 106 Miscellaneous.

~~Read~~ Resolution

The Board resolves to submit the following matter for the consideration and orders of Government.

2. In a Memorandum recorded by ~~the~~ Sir Dietrich Brandis when on special duty in connection with the reorganization of the Forest Department of the Presidency, he pointed out the necessity of arranging, whenever possible, that each Conservator should have the Forests of a healthy hill range in his circle*, and Government recognized the principle by directing in para 7 of G.O No 1452 Rev. dt 18 December 1882 that each Conservator should arrange to spend some time at Ootacamund during the season when Government was there.

* para 4 of Memo printed with G. O no 1452 Rev. dt 18-12-1882.

3. In its order of the 15th July 1890 No 546, Government directed the transfer of the Nilgiri District to the Southern Circle, but again

again recognized the principle referred to by permitting the Conservator Northern Circle to reside at Cotacamund for a period of three months in every year.

4. In 1891 the number of circles was increased from two to three, and in submitting proposals for the re-grouping of Districts to form the new Circles, the Board recommended that the Conservators might be allowed to spend the hot weather at Cotacamund (or Kodaikanal) Yercaud (or even Cotacamund) and Ramandroog (or Waltair) respectively.

* Para 15 of the Prop. at Page 10 of B.P. 502. 27.11.91 No. 1017 27.11.91

5. In para 11 of G.O No 1017 Rev. dated 27 October 1891, Government observed that it did not consider there was any reason for according a privilege of the kind to Conservators in preference to other classes of Officers, but qualified this remark by pointing out that Conservators do not require permission to halt at any particular place within their Circles, the Board's recommendation was practically acceded to, with the exception of the suggestion that in the case of the Conservator of the Central Range, Cotacamund might be selected for residence during the hot weather instead of Yercaud.

6. The Board will be glad if Government can see its way to grant this concession to Mr Pigott whose touring throughout the year is invariably most thorough, and whose work, the Board need hardly add, can certainly be carried on during the hot weather as satisfactorily at Cotacamund as at Yercaud. The limit of three months prescribed in 1890 may be adhered to.

C. No. 1063

From the Board of Revenue Land Rev:

Dated 2nd Feby 1897.

FOR ORDERS.

The Board submits for the favourable consideration and orders of Govt the request of Mr Popert, Conservator of Forests, Central Circle, for permission to spend the hot weather at Ootacamund. Mr Popert does not specify the period but the Board says that the limit of three months prescribed in 1890, may be adhered to.

2 A précis of the previous correspondence on the subject is given in paras 2 to 5 of the Board's Resolution to which attention is solicited; and the remarks of the Hon members on which para 11 of G.O. 1017 dy 27th Oct 1891 was based will be found on the page of the vol flagged A stitched with the original

The Hon: Mr Grose C. 24.
The Hon: Mr Bliss C. 24.

A. Has Mr Popert sent us any application? I can find it.
B. What would Govt do? How do we know that he is ill, & will have to take leave, unless he is allowed to go to Ootacamund?

original of the O.O. As pointed out by the Board that order did not prohibit the Conservators' halting at any sanitarium within their circles and Mr Popert is therefore competent to spend a reasonable amount of time at Yercaud if he finds the plains too hot.

3 The argument that before he accepted his Madras appointment Mr Popert had been under the impression that he would be allowed to spend some time at Ootacamund (vide O.O. stitched with the current) is assailed it is submitted rather weak especially as similar arguments with as much force can be brought forward by Messrs Peet and Hooper both of whom no doubt believed (Vepery cases) that when they were made Conservators they also would be allowed to spend their hot weather at Ootacamund, just as their predecessors had been allowed to do.

4 It is submitted therefore that the Board may be informed that Mr Popert's request is inadmissible.

the chief reason in favour of granting accepting the Board's recommendation, viz: that Mr. Popert is apparently ill & likely to be compelled to take leave on medical certificate or privilege leave if he cannot enjoy the advantages which a short stay at Ootacamund means. The Board point out that it would be much more inconvenient & have Mr. Popert on leave than to permit him to visit Ootacamund In these circumstances & in view of the fact that Mr Popert is an officer who is devoted to his work & never spares himself it is for consideration whether as a special case the concession recommended by the Board might not be granted subject to a maximum of say 2 or 3 months' work the distinct intimation that no precedent is created by the order

This current on the Hon'ble W. Sturrock's reply to the question why Yercaud will not serve as a hot weather resort for Mr. Popert. - Orders are solicited as to whether the Board's recommendation may be accepted, & if so, whether the concession is to be granted for the year only, or generally

I think the concession asked for a maximum of 3 months should be granted for this year only. Mr. Popert tells me that Yercaud does not suit him & he will not go there. If we don't let him go to Ootacamund he will take privilege leave.

as well as Blacamunil.-

I make my recommendation under the impression that it was a well recognized fact that three months or so at the elevation of Blacamunil was far more likely to be beneficial to any one after prolonged tracing on the plains. than this same period at the elevation of Yercaud - and I fancy the Medical Faculty would back me up in this view.

I have also learned from Mr. Rupert that he once spent a short time at Yercaud during the hot weather on duty - and came down as soon as his work was finished - Yercaud. Offering no inducement to him to prolong his stay - Yours Sincerely

I hope that will suit you as well as allow it. Apply for monthly pass for Coast Line - and it would be much more convenient if such Pass Office if he received in Salem.
