PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following:-

Telegram from the Collector of Anantapur,dated 5th March 1897.

Medical Officer Guntakal requests supply following tents Europ 500 or make their cost 6 marquees 6 European soldier's tents 6 serov rolls .Can Government arrange with Military Department to lend till huts ready.

From the Sanitary Commissioner for Madras,No.504/S,dated 5th March 1897.

I have the honour to inform you that I Yesterday inspected the Government "plague observation stations" at Guntakal junction,with the object of ascertaining the methods of inspection of passengers employed.

2. I regret to have to state that arrangements for segregation and observation practically do not exist.

3. I went over the subject of accommodation carefully with the Local Fund Engineer and the Medical officer on the spot taking into account the nature and extent of accommodation approved by Government - after having consulted the Surgeon General with the Government.This condition of affairs is,I believe,due to the fact that at the high prices at present prevailing locally,it is impossible to secure the requisite material within the sum of Rs 500.For example,I found that a shed such as Kumbakonam would cost about six times less than at Guntakal.

4. I would respectfully urge the necessity for an early decision as to the completion of this station.

From the Collector of Anantapur,Ref. on Gur. No. 631, dated 5th March 1897.

I have the honour to forward herewith a copy of a letter from the Medical officer in charge of plague duty at Guntakal and to request that you will be so good as to arrange to supply the Medical officer with the necessary No. of tents required by him. They will be returned as

amount may be sanctioned for the latter. The marginally noted establishment has been entertained at present for the Medical officer at Kurnool, but I have requested him to inform me if the establishment may not be reduced until exigencies actually arise for the employment of more hands.

2 Tents on	Rs	6 each.	Rs	12
2 Washermen on	Rs	6 each.	Rs	12
1 Sweeper	,,	5	,,	5
1 Pot.	,,	4	,,	4

(Enclosure)

From the Medical officer, on special plague duty, Guntakal to the Collector of Anantapur, No. 16, dated 5th March 1907.

In continuation of my telegram yesterday I have the honour to report that the Sanitary Commissioner visited Guntakal yesterday and inspected the plague hutting arrangements. He condemned the site chosen near the rest camp and chose another. He consulted the District Board Engineer and they carefully went over the different proposals for hutting arrangements. The latter stated the lowest approximate estimate as considered necessary by the Madras Government in their order No. 515 P/C-22-2-07, was Rs 2500. The Rs 500/ placed at our disposal is consequently much too small. I accordingly wired to you asking if you could supply the following tents at Rs 500 or if not at what cost, six rowboats, six European soldiers' tents and six army mills. The above tents are required both for detaining plague patients, for observation huts, and for the reconcentration of the establishment.

CYPHER.

5. The Collector's orders referred to in the last para of his letter of the 6th instant as to establishment are approved.

4. Separate orders will be issued on the Collector's letter of the 10th instant regarding the additional funds applied for by him.
