The Secretary to the Commissioners of

Land Revenue, Madras.

Sir,

With reference to Board's Proceedings No. 2485 Mis, dated 29th May 1896 and in continuation of this office Dis, No.2446 dated 7th July 1896, I have the honour to report that Mr. Tremenheere was unable before he left the District to visit the Hospet Taluk to consider the advisability of constructing an additional latrine in the Taluk office compound. Subsequent-ly on 5th October 1896 the Superintending Engineer of the 3rd Circle sanctioned an estimate for Rs. 400 for construct-ing an open latrine without consulting this office and the work has been commenced when the Tahsildar brought the matter to notice. The Executive Engineer who was then addressed in the matter reported that it was an oversight that the esti-mate was not sent for countersignature of the Collector and requested to know if the work might be carried on. Mr. Camp-bell issued instructions to keep the work in abeyance pending Board's orders in the matter.

2. The dimensions of the existing latrine are smaller than those of the standard design communicated in Board's Proceedings, No. 251, dated 12th May 1896 and measure only 19' by 6'. The Executive Engineer thinks a new latrine is neces-sary as the vicinity in which it is being built is general-ly in a filthy condition.

3. As the work has already been begun under Superinten-ding Engineer's orders and the superstructure built to a height of 2 feet, it does not now seem desirable to abandon it. I request therefore that the Board will be pleased to

accord its sanction to resume the work and complete it. The estimate and plan received from theExecutive Engineer are enclosed for reference and return.

I have &c,

(Signed) H. A Stuart.
