READ the letter from the Collector of Ganjam dated 16th February 1897 R.C. No. 362/F, requesting the Sanction of the Board for the entertainment of Relief Circle Inspectors on Rs 30 each with travelling allowance, as a temporary arrangement.

Resolution

The Collector must exercise his discretion in the Selection of Suitable Circle Inspectors, but he must remember that the position of these officers is one of Considerable responsibility. It is not likely that they Could be dispensed with when Kitchens are

opened. Even after this the work of seeking out the destitutes who deserve admission showed go steadily on to the close of operations

In continuation of this office letter R.C. 2S. 362/7 dated 16th February last, I have the honor to request that the Board may be pleased to sanction the appointment of one peon on Rs 6 per mensem to work under each circle Inspector employed in famine duty. Peons were entertained in the famine of 1889, and are, I think, necessary.

FOR ORDERS.

Graduation relief is now in danger of being over-done in Ganjam; and considering that Government do not attract labourers and that the recent rains have somewhat improved the condition of the district it is a question for consideration whether Head Assistant circle Inspectors are absolutely necessary in zamindari tracts. If they are entertained it is presumed that they should be allowed a peon.

2. The Board's request to be allowed to sanction petty establishments is inadmissible

N.B. The B^d. might be told to report each case of such addn. for the information of Govt.

I do not know what there may be to make this inadmissible. But, in the absence of any positive information to such a purport, I should have thought that the Board should be empowered to appoint Tahsildars for such purposes, and Circle Inspectors, for such purposes, - might be continuing to appoint

What the Bd asks for is a general power to sanction petty establts. I do not think there is anything in the Code to prevent our giving this power, but I think it will be improved not to give it so general a power as it asks for. This will authorize it to appoint petty establts wherever, whenever & for whatever causes it likes. In the case of Circle Inspectors it may be ordered that one peon shall be attached to each

Note with reference to H-E's remarks.

The rule about the appointment of special establishments is contained in Section 40 of the Code which authorizes Collectors to make certain classes of appointments in connection with relief works and village relief and prescribes remuneration to be allowed to them subject to the general sanction of Govt. Petty establishments are no doubt included in them, and there is no objection to authorizing the Board to determine

and sanction the scale of petty establishments required for relief purposes, subject to report to Govt as in other cases (Form H appendix II).

2. When C. No 2064 was sent in circulation the ~~f~~ famine rules of H. E & the Hon members ~~for~~ directing that Board should be empowered to appoint Tahsildars ~~&c~~ for loans work &c had not been received, and as the writers then Road circle Inspectors were to be appointed only in a few limited charts. It will be remembered that the Board's proposals for extending village relief had more than once to be refused and its ~~proof~~ instructions to collectors to entertain additional establishments to be cancelled. It was on this ground that it was stated that the Board's proposals to be vested with the general power of sanctioning such petty establishment as it considered necessary was inadmissible, and not because that there was any account or code objection to such empowerment

but to state as far as I was concerned.

I would still respectfully submit that the delegation to the Board of authority to sanction Famine appointments of any grade is irregular. Under the C.S. regulations the power of sanction is confined to the Local Govt itself. The Famine Code gives the Collector the power to make these appointments of certain grades in anticipation of sanction & for all practical purposes this is enough. The objection is raised by the adoption in the terms of the order.

19/3/97.

It will still retain the power of sanction of the BD appointments in anticipation. If the Collector appoints, a fortiori the BD can
