I have the honor to forward herewith a copy of the Superintending Engineer's letter No: 4068 dated 20" February 1897 from which it will be seen that he says that he is prepared to start Peddapasupula channel work in Jammalamadugu Taluk and the Razoli channel project in Proddutur Taluk at once if needed..

2. The estimates and plans for Peddapasupula channel are forwarded to the Board separately with my letter Ref: on C.No: 8014 / Rev: of '96 dated 26" February 1897.

3. I wish to start the Rajoli channel project as soon as possible but the estimates &c have not been sent to me by the Department of Public Works.I understand the Superintending Engineer to say that work can be commenced if needed without waiting for sanction of the estimates.I request that the Board will sanction the opening of the work as a relief work at an early date.

Resolution.

If the Collector considers that the Rajoli project work is required as a relief work he should start it in anticipation of formal sanction.
