In reply to the Board's Reference dated the 13th current No 1905 Mis., I have the honour to state that on the motion of the Divisional officer, Gooty, who thought there was not sufficient work for separate paymasters and Kitchen Superintendents in some of the smaller works applied in his division, I passed orders that the services of the Kitchen Superintendent might be dispensed with in all cases except Senegalqudur. I also found that the

who were wasting their time having nothing to do during the whole day except for an hour or two in the morning and the evening. I am still of the same opinion. An intelligent Saluk Gumastah can do both works without any inconvenience; and if the Reddies are ordered to attend the Kitchens at the time when the inmates are fed, no practical inconvenience can result. As the Board is aware, ~~that~~ the Puttur work is a small one and Mr King could without difficulty have sent for the paymaster as he could not have been very far away. Suggested and shall issue necessary orders in regard to weavers relief on the Board's Order just communicated to me. I request the Board's instructions if the scheme, as approved by the Board, may be started, in anticipation of government sanction thereto and to the allotment of funds already applied for. As regards the proposed Kitchen at Tadpatri, I may point out that the proposal has already been anticipated in my letter No. 925 16-2-97 Submitting the weavers scheme, and I have, on the Sanitary Commissioner's letter, directed the divisional officer to arrange to have one opened, if it is urgently required.
