RESOLUTION.

Calcutta, the 26th March 1897.

READ—

The Estimates of the Forest Department for the years 1896-97 and 1897-98.

RESOLUTION.—The Governor General in Council has approved the figures shown in the annexed statement as the estimated Revenue and Expenditure of the Forest Department for the years 1896-97 and 1897-98.

2. The total figures of the Budget Estimates as already passed by the Government of India in Resolutions in the Revenue and Agriculture Department are retained, except that an addition of Rs 30,000 has been made under Revenue in Bombay, in connection with extra receipts expected on grass operations in the Central Circle. The estimate of Expenditure in Bombay has also been increased by a sum of Rs 84,000 made up of a decrease of Rs 4,000 under Exchange Compensation Allowances and an increase of Rs 88,000 for the erection of forest boundary marks in the Central Circle by famine labour. A further addition to the Budget Estimate of Expenditure in Bombay of Rs 46,000 was suggested by the Accountant General in his telegram of the 9th March 1897, but the proposal was rejected as the estimate already passed was considered sufficiently high to leave a margin for the intended expenditure.

3. As regards the Revised Estimate of 1896-97, the figures, as finally settled, differ in many cases from those provisionally sanctioned by the Revenue and Agriculture Department, the alterations being based on the latest actuals reported by the account offices.

4. The Budget Estimates of Expenditure include the following amounts on account of Exchange Compensation Allowance:—

	R

North-Western Provinces and Oudh	18,000

ORDER.—Ordered, that this Resolution and the statement be communicated to the Local Governments and Administrations concerned, to the Revenue and Agriculture Department, and to the Comptroller and Auditor General.
