Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated 17th March 1897.

No. 2019 (mis)

Read

the following letter from the collector
of Nellore, dated 23rd February 1897,
No. 625 :-

In the village of Timmasamudrum,
Angole taluk, appertaining to the Venkata-
-giri Zemindari a certain extent of lands
is being irrigated by the Sankavarum-
-side channel belonging to the Kistnadelta.
The Zemindary ryots, who utilize the Govern-
-ment water, are made to pay water-rate
for the extent irrigated as ascertained

by

actual measurements each year. They complain that this method puts them to inconvenience, as there are relinquishments and fresh acquisitions by individual ryots each year, while the Revenue Inspectors, who are frequently changed, take measurements each according to his method. They accordingly request that steps may be taken to survey and demarcate the mamul Girwajasti lands at their cost. The Rajah of Venkatagiri has signified his consent to this measure.

2. The District Surveyor visited the village under my orders. He estimates the area to be surveyed and demarcated at about 1000 acres and thinks that the work can be completed within two months by the employment of one Deputy Surveyor and two field surveyors. The ryots would
besides

5
besides laying in the necessary stock of demarcation stones, be made to deposit in advance the cost of the establishment.

3. I have the honour to suggest the survey and demarcation of the area in question under the above conditions which will save Government the trouble of constant measurements. As the ryots will pay the cost and the District Surveyor can superintend the work, all that would be necessary would be to indent upon the Superintendent of survey, for the subordinate establishment proposed, and ask him to let the Assistant Superintendent of Survey, within whose range this district falls, have a look at the
work

6 before it is finally accepted.

Read also ^{the following} endorsement thereon, from
the Superintendent of Madras survey,
dated 6th March 1897, no. $\frac{145}{R}$.

Forwarded.

2. The survey of the Zemindary village
of Yimmasamudrum can be included
in the programme for 1897-98.
3. The total cost is not likely to exceed
Rs 300.

Resolution

Submitted for the orders of Government.

2. The Board supports the Collector's
proposal to have certain lands
in the Yimmasamudrum village
surveyed

7
surveyed and demarcated by the
Survey Department.
