the following letter from the collector
of North Arcot, dated 21st March 1897, Reference
on No. $\frac{133}{\text{curr. Val}}$ of 1897:-

I have the honour to report that during
the month ending 15th March, prices con-
tinued unchanged in Punganur and Pakala
2. In Punganur, a number of works for the improve-
ment of water-supply were in progress and
some are completed. It is reported that no one
would work for famine wages. Work is avail-
able in collecting and cleaning tamarind,
harvesting and crushing sugarcane, threshing
ragi

ragi, collecting firewood and thatching houses.

3. In Pakala, the condition of the people is said to be generally good. There are some local Fund Water-supply works in hand; costing about Rs 1400, and Rs 1000 has been advanced under the Land Improvement Act. There is a large area of standing cholera, which is generally in good condition.

4. As the Tahsildar and Revenue Inspector ^{now} are engaged in jamabandi, I have directed the Probationary Deputy Collector to tour through the affected part of Chandragiri taluk, especially Kallur Polliem and Pulicherla which are proprietary. The Head quarter Deputy Collector will again visit Punganur at the end of this month.
