I have seen the sketch shown to me
of the land wanted by the Abkari Department
for a fish curing yard. The land comprises

enjoyment and warg No 282 belonging to my
son Tyampa. I consent to give my land
to that (Abkari) Department if my son
Tyampa consents to give his. As I have
no objection he should be asked in all
matters. I do not know what rent is got
for the land. My son should be asked
on that point also.

For Collection

Statement taken down on 7th January 1897
at Mangalore by the Tahsildar of Mangalore
from Shimappa son of Ullal Mammale
(female), a clerk in the Police Head Quarters
Office, residing at Neereshwalya in Mangalore
Town.

I have seen the sketch prepared
by the Shambhogue and shown to me of the
land resolved to be taken up for the Fish
Curing yard at Ullal. It is lands 2 and
3 on the sketch that are resolved to be
taken up for the yard. Of these No 2 is
land forming part of Hosagame warg
No 362 belonging to my mother Mammale
and it is now in my enjoyment. Land No 3
is also in my enjoyment and forms part
of Hosagame warg No 282. These two lands
have been rented to the shop people for
3 years and not permanently made over
to them. As they form the central portions
of the wargs I have no mind to give them
for the yard. My mother's statement
is to the same effect.

35 shops have ^{now} been built on the lands.
The rent fixed for each is Rs 3 a year,
and so for the 35 shops we get a rent
of Rs 105. There is still space for 10 shops
in

more. If the value of the lands be calculated at 6 per cent of the rent now collected it amounts to Rs 1657-8-0. There is another thing. The lands contained 1500. Casuarina plants about 1 year old before I made them over. I had to remove them before making over the lands and I have consequently suffered a loss. The cost of watering the plants for a year at Rs 5 / a month for 1000 plants amounts for 1500 plants for 6 months to Rs 45. Add to this the value of the plants at Rs 7 per 1000 viz Rs 10-8-0 when the total loss on account of the plants comes to Rs 55-8-0. West of lands 2 and 3 is land No 1 on the sketch in the enjoyment of my mother. As it is in a corner it may be taken up for the yard and we are willing to give it up. If under no circumstances other land will do for the purpose, then provided the compensation and the loss above mentioned be paid to us for the lands 2 and 3 we both agree to part with them. If Casuarina is grown on the lands they may fetch greater value. We do not therefore consent to part with them for a less sum than that mentioned above. The Salt Depot and Office on the lands were built by the Salt Department with the consent of the Government.

consent of the people who rented the lands. The lands had been prepared for conversion into field by taking out sand and putting up bunds all round. This had cost Rs 100 but I do not want this to be paid to me. The bunds etc still visible. I have purchased for Rs 40 some land adjoining these lands and measuring 10 cents from its owner Krishna Pinnatta. There was a Civil suit about the land between the said Krishna Bhatta and myself and my mother. At last we came to a compromise and I purchased the land for Rs 40. If the costs of the suit be taken into account, the land will have cost me Rs 120.

Errors-6.

I have heard the above read over to me. It is correct and as I have stated
