2. The Presiding Port Officer recommends that Calicutapatam may be added to the list of Ports subject to the supervision of Customs, on the grounds that it is essential that the Conservator of that port shall be a person with some nautical experience & training, and the present Conservator (Mr. L. F. Disney) ^{being} such a person, and ^{that} it is not desirable that he should be liable to transfer to by the Salt & Tobacco Dept.

3. The Board which was called upon to report upon the Presiding Port Officer's suggestion does not support it. Its reasons are set forth in the current.

4. The Marine Dept may be informed that the suggestion made by the Presiding Port Officer does not meet with the approval of Govt.

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 4th March, 1897.

Ms No. 827

Read endorsement of the Under-Secretary to Government, Revenue Department, Ms No 461 dated 25th January, 1897.

Resolution.

With reference to the endorsement of Government read above, The Board beg leave to state that it does not consider it possible to get an officer qualified to perform the duties of Sea Customs Superintendent and possessed of nautical experience for the post of Port Conservator on Rs 125 per mensem of which Port Funds contribute only Rs 55 (Rs 20 salary + 25 personal allowance). If customs work is to be done properly at Calicutapatam

it is necessary that the Superintendent should
be a very different stamp of officer from the
present incumbent. The system which exists in
more places than one of exacting other work
from Sea Customs Superintendents and then
claiming exemption from the ordinary rules of their
department on the ground that they are doing
other work gratuitously or nearly so, is, in the
Board's opinion, an unsound one and should
not be supported. Under these circumstances
the Board is not prepared to support the
proposal of the Presidency Port officer.
